NATIONAL INCIDENT BASED REPORTING

Nebraska law enforcement agencies participate in the FBI's National Incident Based Reporting System (NIBRS). NIBRS is a federal program used to collect information about the types and amount of crime in our state and our nation. Federal guidelines allow every agency across the county to apply similar definitions and methods to incidents so that crime statistics can be gathered and reported and compared.

The Nebraska Crime Commission (NCC) encourages every agency to participate in NIBRS. In 2025 NCC managed 190 law enforcement agencies across the state for NIBRS reporting. Nebraska Code 18-1426 instructs public agencies to provide information to the Uniform Crime Report. NIBRS is part of the Uniform Crime Report. Use of Force data and reports are also part of the Uniform Crime Reports and state reports can be found on the NCC website.

The system collects details about Crimes Against Persons, Crimes Against Property, and Crimes Against Society. These crimes are also referred to as Group A offenses. Detailed data on the specifics of the crime are collected on these Group A offenses. Information on offenders, victims, location, weapons, property, drugs and alcohol, and arrest details are recorded.

Crimes Against Person crimes include the following:

- Homicide Offenses
 - Murder/Nonnegligent Manslaughter
 - Negligent Manslaughter
- Sex Offenses
 - Rape
 - Criminal Sexual Contact
 - Incest
 - Statutory Rape
- Assault Offenses
 - Aggravated Assault
 - Simple Assault
 - Intimidation
- Kidnapping/Abduction
- Human Trafficking Offenses
 - Commercial Sex Acts
 - Involuntary Servitude

Crimes Against Property include the following:

- Larceny/Theft Offenses
 - Pocket-Picking
 - Purse Snatching
 - Shoplifting
 - Theft From Building
 - Theft from Coin-Operating Machine
 - Theft from Motor Vehicle
 - Theft of Motor Vehicle Parts/Accessories
 - All Other Larceny
- Fraud Offenses
 - False Pretenses/Swindle
 - Credit/Debit Card Fraud
 - Impersonation
 - Welfare Fraud
 - Identify Theft
 - Hacking/Computer Invasion
- Robbery
- Arson
- Extortion/Blackmail

- Burglary
- Motor Vehicle Theft/Counterfeiting/Forgery
- Embezzlement
- Stolen Property Offenses
- Destruction/Damage/Vandalism
- Bribery

Crimes Against Society include the following:

- Drug Offenses
 - Drug/Narcotic Violations
 - Drug Equipment Violations
- Gambling Offenses
 - Betting/Wagering
 - Operating/Promoting/Assisting Gambling
 - Gambling Equipment Violations
 - Sports Tampering

Arrest details are also collected for less serious crimes. These are sometimes referred to as Group B offenses. Incident details are not collected for Group B offenses. They include:

- Curfew/Loitering/Vagrancy Violations
- Disorderly Conduct
- Driving Under the Influence
- Family Offenses, Nonviolent
- Liquor Law Violations
- Trespassing
- All Other Offenses

Not all criminal offenses require the agency to report to NIBRS. Traffic offenses are excluded from NIBRS reporting.

It is important to understand how crimes are listed, categorized, and counted in NIBRS. For this report, the numbers provided are crime counts.

- Incident: one or more offenses committed by the same offender, or group of offenders acting in concert, at the same time and place.
- Offenses: number of different types of crimes in an incident, you can have multiple offenses in an incident
- Crimes: depending on what type of offenses, NIBRS counts the following
 - Crimes Against Person – counts victims
 - Crimes Against Property – counts offenses (except Motor Vehicle Theft where the number of stolen vehicles is counted)
 - Crimes Against Society – counts offenses
- Offenders – an incident can have multiple offenders/suspects, offenders can be known or unknown. For FBI purposes, known is defined as knowing the race, sex, and

age/age range of offender; not necessarily known by name or acquainted with the victim.

- Arrests – incident must have at least one known offender to record an arrest; an offender may or may not be arrested or cited, an incident can have multiple arrests or citations (or a combination of both)
- Victims – an incident can have multiple victims, victims can be individuals, businesses, financial institution, government, law enforcement, religious organizations, other, or society

Example 1: On 1/21/2025, Jack Page entered the local bar and assaulted a waitress and another patron, busted up a pool table, and stole a neon sign on the way out the door. He was arrested later that evening.

- Incident: 1
- Offenses: 3 (assault, destruction of property, and theft)
- Crimes: 4
 - Crime Against Person – 2 (waitress, patron)
 - Crime Against Property – 2 (destruction of property, theft)
 - Crime Against Society – 0
- Offenders – 1
- Arrests – 1
- Victims – 3 (waitress, patron, business)

How offenses are grouped will also affect counts.

Example 2: A woman is prevented from leaving the bedroom and beaten by her boyfriend. The boyfriend is charged with kidnapping and assault.

- If this is grouped as an incident: the number of victims is 1
- If this is grouped by offenses: the number of victims is 2 (1 for kidnapping, 1 for the assault)

Data errors identified by validations will prevent any incident from being counted. Warnings indicate minor data issues that need to be reviewed and corrected if necessary. The Program Manager and law enforcement liaison make every effort to address errors and warnings.

FBI and NCC reporting guidelines will also affect numbers. In 2025, sodomy and sexual assault with an object were recategorized into rape. Agencies were directed to report these offenses as rape. These offenses from 2024 were recoded so that annual comparisons could be made.

Agencies did better reporting in 2025 than 2024. In 2024, 29 agencies (15%) were not in compliance with NCC reporting requirements (19 non-complaint¹, 10 non-reporting²). In 2025, that number decreased to 8 agencies (4%). Only one of those agencies was non-compliant.

¹ Non-compliant agencies reported less than 8 months in the year.

² Non-reporting agencies did not report during any month in the year.

Please be aware that even if an agency is compliant, they may not have reported all 12 months of the year.

Agencies who were non-compliant or non-reporting in 2024 or 2025 were excluded for this analysis. A list of agencies can be found in Appendix A.

Caution should be used when comparing the percentage changes presented within this report. A slight shift in the volume of crimes or arrests may result in a large percentage change for some offenses, arrests, and/or population groups.

Data sets will differ due to date cutoffs. Data in this report was valid as of April 15, 2026. Most statistics in the report use the incident date to group incidents into year. However, the arrest statistics use the arrest date to group the incident (not the incident date). The NCC will continue to collect any data submitted by its agencies for future analysis and reporting purposes.

Please be conscientious when viewing numbers from different reports and different sources.

STATEWIDE CRIME INDEX

Some Group A offenses are traditionally categorized as the Crime Index. These numbers include only the crimes of Murder-Manslaughter, Rape, Robbery, Aggravated Assault, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson, which are used to measure crime statewide and across the nation.

The number of serious crimes reported to Nebraska law enforcement agencies in 2025 decreased 12%. There were 32,660 serious crimes reported in 2025, compared to 37,321 serious crimes reported during the same period in 2024, resulting in a decrease of 4,661 reported crimes.

Reported violent crimes (Murder-Manslaughter, Rape, Robbery, and Aggravated Assault) increased 1% in 2025. There were 4,401 violent crimes reported in 2025, compared to 4,377 reported in 2024, resulting in an increase of 24 violent crimes.

Reported property crimes (Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson) decreased 14% in 2025. There were 28,259 property crimes reported in 2025, compared to 32,944 reported in 2024, resulting in a decrease of 4,685 property crimes.

Crime Index Offenses, 2024 – 2025

	2024	2025	CHANGE
VIOLENT CRIMES	4,377	4,401	+1%
Criminal Homicide	76	62	-18.4%
Rape	922	878	-4.8%
Robbery	398	380	-4.5%
Aggravated Assault	2,981	3,081	+3.4%
PROPERTY CRIMES	32,944	28,259	-14%
Burglary	2,955	2,316	-21.7%
Larceny-Theft	24,777	21,955	-11.4%
Motor Vehicle Theft	4,948	3,770	-23.8%
Arson	264	218	-17.4%
CRIME INDEX TOTAL	37,321	32,660	-12%

PLEASE NOTE: Caution should be used when comparing the percentage changes presented within this report. Some agencies were excluded from these trends due to incomplete reporting over the two-year period. A slight shift in the volume of crimes or arrests may result in a large percentage change for some offenses, arrests, and/or population groups.

CRIME INDEX AND COUNTY SIZE

The size of cities and counties can greatly affect not only the number of crimes occurring in these jurisdictions, but the types of crime.

- Populations of 400,000 had a decrease of 9% overall (violent -3% / property -10%)
- Populations of 399,999 to 100,000 decreased 15% overall (violent +17% / property -19%)
- Populations of 99,999 to 5,000 decreased 16% overall (violent -11% / property -17%)
- Populations of 4,999 and under decreased 8% overall (violent -2% / property -10%)

Violent crimes in counties with populations between 399,999 to 100,000 increased by 17%, with the biggest increases occurring in aggravated assault. However, these counties also experienced the largest decrease in property crimes of 19%, with the largest declines in burglary and motor vehicle theft.

However, it is important to note that counties with population between 99,999 to 5,000 experienced higher levels of manslaughter and rape in 2025 than the counties with population between 399,999 to 100,000. These counties experienced just as much violence as each other. Robbery counts are the exception.

County and agency counts can be found in Appendix B. Population estimates are also included in Appendix B.

OTHER REPORTED CRIMES

The number of other Group A crimes reported by Nebraska law enforcement agencies in 2025 decreased 5%. There were 57,856 other Group A crimes reported in 2025, compared to 60,698 other crimes reported during the same period in 2024, resulting in a decrease of 2,842 reported other crimes. Simple assault and intimidation (Other Assaults) increased 4% in 2025, while vandalism decreased by 15%.

That brings the total number of reported Group A crimes in 2025 to 90,516, a decrease of 8% from 2024.

ARRESTS

There were 56,674 Group A and Group B arrests made in 2025, compared to 57,010 in 2024, resulting in an overall decrease of less than 1%. The five categories with the highest number of arrests in 2025 were:

- All other Group B offenses (9,427)
- Drug Violations (8,149)
- Other Assaults (Simple Assault and Intimidation) (7,198)
- Driving Under the Influence (6,717)
- Larceny (6,249).

The number of adult arrests (age 18 and over) in 2025 was 50,364 compared to 49,844 in 2024, resulting in an increase of 1%. The number of juvenile arrests (age 17 and under) in 2025 was 6,310, compared to 7,166 in 2024, a decrease of 12%.

The largest increase in arrests in 2025 occurred in juvenile arson incidents and adult arrests for loitering violations. The largest decrease in arrests between 2024 and 2025 occurred in juvenile arrests for motor vehicle theft and curfew violations.³

VIOLENT CRIMES HIGHLIGHTS

Violent crimes included the following offenses. These offenses could include other offenses or property offenses.

- Homicide
- Rape
- Robbery
- Aggravated Assault

Below are some highlights of Violent Crimes in Nebraska in 2025.

- In 2025, 60% of violent crimes occurred in the home. A little more than 1 in 5 occurred on the streets, roads, or parking lots.
- A quarter of all violent crimes involved personal weapons (25%). Personal weapons include hands, feet, teeth, etc. Violence also involved firearms (17%) and knives or cutting instruments (15%).
- A majority of violent crimes did not result in any injury to the victim (59%). However, 1 in 4 (22%) victims incurred some minor injury.
- Over half (53%) of aggravated assaults or homicides occurred during an argument. Domestic violence (19%) was another circumstance that resulted in violence.
- Scottsbluff, Lancaster, Hall, Dodge, and Douglas counties had 3 or more violent offenses per 1,000 residents. Perkins, Dakota, Sheridan, Grant, Webster, Sioux, Adams, Harlan, Dawes, Box Butte, Buffalo, and Deuel had 2 violent incidents per 1,000 residents in 2025.
- Violent offenders were more than likely known (95%). For FBI purposes, known is defined as knowing the race, sex, and age/age range of offender; not necessarily known by name or acquainted with the victim.
- However, victims of violence did know their offenders: 36% were acquaintances, 31% were intimate partners, and 16% were family. Only 17% were strangers.
- Almost half (49%) of violent crimes were cleared by arrest. Another 6% were closed due to exceptional clearance.⁴

⁴ Exceptional means refers to the clearance of a case when law enforcement have definitively established the identity and location of the suspect, have probable cause supporting the arresting/charging/prosecution of the suspect, however there are reasons outside the control of the law enforcement agency that prevent a custodial arrest from being made or a citation from being issued.

PROPERTY CRIMES HIGHLIGHTS

Property crimes included the following offenses. These offenses could include other offenses or violent offenses.

- Arson
- Burglary
- Fraud
- Theft
- Motor Vehicle Theft

Below are some highlights of Property Crimes in Nebraska in 2025.

- Property crimes occurred in commercial and residential properties. A slight majority of property offenses happened on commercial properties (42%). One in three (34%) property crimes occurred in the home.
- Lancaster, Douglas, and Hall counties had 20-30 property offenses per 1,000 residents in 2025. Scottsbluff, Dakota, Dodge, Lincoln, Adams, York, Buffalo, and Sarpy recorded 10-20 property incidents per 1,000 residents in 2025.
- Property offenders were split between known (55%) and unknown offenders (45%). For FBI purposes, known is defined as knowing the race, sex, and age/age range of offender; not necessarily known by name or acquainted with victim.
- Property victims and offenders were acquaintances in 40% of the 2025 incidents. Another 35% were strangers.
- Most, 3 out of 4 (74%) property crimes remained open and uncleared. Twenty-four (24%) were cleared by arrest.
- Property crimes in Nebraska cost victims over \$72 Million in stolen property and \$4 Million in burned property.
- Top 5 properties stolen in 2025 included: consumable goods (16%), clothing/furs (16%), cash and cards (14%), motor vehicles (10%), and electronic devices (9%).
- Property victims were split between businesses (51%) and individuals (47%).

A REVIEW OF HATE CRIMES

With the passage of Legislative Bill 90 in 1997, commonly referred to as the Hate Crime Bill, the Nebraska Crime Commission (NCC) collects information relevant to hate crimes. The FBI has defined a hate crime as a “criminal offense against a person or property motivated in whole or in part by an offender’s bias against a race, religion, disability, sexual orientation, ethnicity, gender, or gender identity.” As part of their monthly reporting, Nebraska law enforcement agencies submit data on bias or motivation for every Group A offense.

For 2025, there were 33 incidents reported statewide that involved crimes motivated by hate or bias. In comparison, 2024 had 45 incidents from agencies statewide, resulting in an overall decrease of 27%. For some perspective, there were 90,516 incidents reported in 2025.

Although Nebraska law enforcement agencies reported very few hate crimes either in 2024 or 2025, the majority of incidents are crimes against person with race/ethnicity as the reported bias.

A majority of hate crimes (73%) occurred in Nebraska’s larger counties: Douglas, Lancaster, Hall, Platte Sarpy, and Scottsbluff. These were also the only counties that reported more than one hate crime. Crime counts by county and agency are included in Appendix B.

Bias is recorded for each offense in an incident. Law enforcement can also record up to 5 bias motivations per offense. Each bias is reported in the following table.

Types of Bias/Motivations in Hate Crimes, 2024 – 2025

A REVIEW OF LEOKA

NIBRS tracks the type of victims in Group A offenses. This includes if the victim was a law enforcement officer and the activity they were doing at the time of the incident. Law enforcement officer victims would include sworn officers with full arrest powers.

In 2025, Nebraska law enforcement employed 3,787 full time sworn officers. A full report on Nebraska Law Enforcement Employment data can be found on the NCC website.

Forty-seven counties (51%) reported LEOKA incidents in 2025. Attacks on law enforcement officers were down 8% in 2025; 547 law enforcement officers were victims in 472 incidents. This is in comparison to 593 law enforcement officers in 488 incidents in 2024. Crime counts by county and agency are included in Appendix B.

A REVIEW OF DOMESTIC VIOLENCE

In compliance with Nebraska State Statute 42-930, law enforcement agencies in the State of Nebraska are required to include domestic abuse incidents reported within their jurisdiction with their monthly NIBRS submissions. The Nebraska Commission on Law Enforcement and Criminal Justice compiles the data from these reports and submits an annual report indicating the total number of domestic abuse incidents reported by each agency.

For the purpose of this report, the following terms have been defined:

AGGRAVATED ASSAULT: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon by means likely to produce death or great bodily harm.

SIMPLE ASSAULT: Includes all assaults which do not involve the use of a firearm, knife, cutting instrument, or other dangerous weapon and in which the victim did not sustain serious or aggravated injuries.

DOMESTIC applies to family or household members and includes: Spouses or former spouses, children, persons who are presently residing together or who have resided together in the past, persons who have a child in common whether they have been married or have lived together at any time, other persons who are related by consanguinity or affinity, and persons who are presently involved in a dating relationship with each other or who have been involved in a dating relationship with each other.

Domestic violence increased in Nebraska by 7% in 2025. Crime counts by county and agency are included in Appendix B.

Domestic Violence Incidents, 2024 – 2025

	2024	2025	CHANGE
Aggravated Assault	949	977	+3.0%
Simple Assault	6,021	6,511	+8.1%
TOTAL	6,970	7,488	+7%

ARREST OR EXCEPTIONAL MEANS refers to the number of incidents that were cleared by law enforcement, and the manner in which the incidents were cleared. An arrest, in this case, refers to the clearance of an incident through law enforcement placing the suspect(s) into custody or a citation/ticket was issued by the responding agency. Exceptional means refers to the clearance of a case when law enforcement have definitively established the identity and location of the suspect, have probable cause supporting the arresting/charging/prosecution of the suspect, however there are reasons outside the control of the law enforcement agency that prevent a custodial arrest from being made or a citation from being issued.

The number of domestic violence incidents cleared in Nebraska rose by 13% in 2025. However, clearance rates remained the same between 2024 and 2025 at 52%
