

Less Lethal / 12 Gauge Impact Munitions Instructor Course

Sidney, NE | Wednesday, May 27, 2026 8:00 AM - 5:00 PM Mountain Time

Hosted By: Sidney Police Department | 1200 Pole Creek Crossing, Sidney, NE 69162

Participants will train in how to select, deploy, and instruct others in the use of 12-gauge impact munitions from CQB distances to beyond 25 yards. We will deploy a variety of munitions in the context of real-world engagements and learn how to instruct others in these methods. Applications include single and multiple subject incapacitation, crowd routing, and riot control in a patrol, tactical, or corrections setting. This training is based upon current industry standards and best police practices. This course is not tied to a specific brand or manufacturer of munitions. The training applies to any commercially produced rounds. Instructor certification is valid for two years.
