

COURSE DESCRIPTION

PISTOL OPTICS INSTRUCTOR [RED DOT SIGHT]

This two-day course focuses on developing Instructor skills necessary for transitioning personnel from traditional iron sights to the pistol mounted electronic optics – Red Dot Sights. Like all Defense Technology Training Academy firearms courses, it is designed to enhance the student’s abilities to create, present and conduct safe and relevant firearms training for personnel in their departments.

COURSE OVERVIEW

Through discussions and practical range drills, students attending the Defense Technology Pistol Optics Instructor Course will be exposed to the latest “Red Dot” training techniques. This course emphasizes the following topics:

- Proper pistol draw to allow rapid sight acquisition
- Traditional vs. suppressor height back up iron sights
- Comparison and contrast of available pistol optics
- Optic mounting considerations

COURSE BENEFITS

This course is conducted by real-world professionals with strong operational experience in their respective fields.

- Learn the effective use of the Pistol Mounted Optic
- Enhance the safety and effectiveness of weapons manipulation
- Become more proficient in Firearms instruction

ADDITIONAL DETAILS

There are no prerequisites for this class. It entails following group presentation and directed instruction addressing the disassembly and reassembly of firearms. Students will have an easier time understanding the mechanical aspects of this work if they have prior experience of working on firearms. The Defense Technology Training Academy trains only sworn law enforcement officers, correctional personnel, state-licensed security personnel (OC only), or active military personnel.

REQUIRED EQUIPMENT

- Eye and ear protection
- Pistol with a mounted electronic optic – Red Dot Sight
- An RDS holster compatible to the student’s pistol/optic
- 3 magazines with pouches
- Appropriate clothing for range and weather
- Estimated 1,000 rounds of pistol ammunition

OPTIONAL/RECOMMENDED EQUIPMENT

- Electronic shot timer
