

Advance Roadside Impaired Driving Enforcement (ARIDE)

16 hour instruction in Advanced Roadside Impaired Driving Enforcement (ARIDE) is intended to assist law enforcement officers to enhance proficiency in detecting, apprehending, testing and prosecuting impaired drivers.

Upon successful completion, participants will be able to recognize that an individual may be under the influence of a drug or drugs, other than alcohol, or under the combined influence of alcohol and other drugs, or suffering from some injury or illness that produces signs similar to alcohol/drug impairment.

ARIDE bridges the gap between Standardized Field Sobriety Testing (SFST) and the roles and responsibilities of the Drug Recognition Expert (DRE). **This course does not certify an officer as a DRE.** For those interested in becoming a DRE, this course is a must.

Prerequisite: Students should be a state certified law enforcement officer in a full time paid capacity and be SFST trained. Reserve officers will be allowed to attend if SFST trained.

Required: *Participants will be required to complete an SFST proficiency test on the first day of class.*

Participants are also required to pass an end of course written exam.

If space permits, prosecutors, toxicologists, parole and probation officers are allowed to audit this course. This training will aid their understanding of the signs of impairment related to drugs, alcohol or a combination of both, but it will not qualify these individuals with SFST proficiency.

COST: FREE

Class Date and Time:

February 25th & 26th, 2021 0900-1800 hrs
