ACCREDITATION PROGRAM OVERVIEW

Legal Basis

From:

Nebraska Revised Statute §81-1414.18.

Law enforcement agencies; accreditation required; Nebraska Police Improvement and Professionalism Fund; created; use; investment; grant program for accreditation costs.

- (1) (a) On or before January 1, 2023, each law enforcement agency shall be accredited in a manner approved by the commission. A law enforcement agency shall not be accredited unless it has adopted written policies as determined by the commission and met other requirements as determined by the commission.

(b) Beginning January 1, 2023, the commission shall post on its website a list of all law enforcement agencies that are not accredited as required by this subsection. The commission shall update the list at least annually, and more frequently as the commission deems necessary.

(c) A law enforcement agency that is not accredited as required by this subsection shall be ineligible to receive loans, grants, funds, or donations administered by the commission until the commission determines that such agency has been properly accredited.
- (2) The commission shall develop accreditation requirements. The commission may provide its own accreditation program and may approve accreditations provided by third-party providers.
- (3) The Nebraska Police Improvement and Professionalism Fund is created. The fund shall be used to provide grants as provided in subsection (4) of this section. The State Treasurer shall credit to the fund any funds transferred or appropriated to the fund by the Legislature and funds received as gifts or grants or other private or public funds obtained for the purposes set forth in this section. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.
- (4) The commission shall develop a grant program to award grants to law enforcement agencies to pay for costs of accreditation incurred pursuant to this section. In awarding such grants, the commission shall prioritize smaller law enforcement agencies.
- (5) The commission may adopt and promulgate rules and regulations to carry out this section.

Note: *The Nebraska Police Improvement and Professionalism Fund was created but no funds were transferred to it, so it is not funded.*

ACCREDITATION OPTIONS

Law Enforcement Agencies

Statutorily defined law enforcement agencies (§81-1401(7)) apply for accreditation through the Commission via one of two options.

Option 1: Obtain/Maintain National Accreditation

- Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA)
- International Association of Campus Law Enforcement Administrators (IACLEA)

Option 2: Complete State Accreditation Process

Option 3: Investigative Agency Process (agencies not meeting the definition of law enforcement agency)

ACCREDITATION PROCESS

Accreditation Cycle

Most agencies will be pursuing accreditation through Option 2: Complete State Accreditation Process. The following details the process. The Investigative Agency Option also follows this process.

Initial Accreditation

Initial Accreditation

Accreditation Field Assessment

Accreditation Field Assessment

Agencies achieving accredited status during Initial Accreditation will be subject to a field assessment to further test compliance with the established standards. Discovered deficiencies that are not corrected may result in suspension or termination of accredited status depending on the circumstances.

Accreditation Field Assessment Attributes

A Field Assessment will test the following elements of accreditation:

- Statistics and Data Reporting
 - Verify status with Systems and Research Division of the Commission.
- Required Core Policies
 - Review copies of policies other than the three submitted with the accreditation packet.
- Statutorily Required Policy Submissions
 - Verify no additional policies are needed (ex. Has the agency started using body worn cameras?)

- Compliance with Change in Status Form
 - Check with NLETC for any issues with these forms.
- Background Investigation for New Hires
 - Review a sample of background investigation files to verify required elements were included.
- Records Requests
 - Agency complies with the statutory requirement to both examine records on prospective hires and provide employment records upon request to the prospective employer.

O3.8 Compliance with Records Requests

Agency complies with the statutory requirement to both examine records on prospective hires and provide employment records upon request to the prospective employer.

Submission: Attestation from Agency

Assessment: NLETC Report

PROCEDURES

Submission Methods: Materials for all three accreditation options must be submitted electronically via email (individual files, PDFs, zip files, etc. are all acceptable as attachments) to the Commission at the following address: NCC.Accredit@nebraska.gov

Please note: Submissions cannot be sent in parts, even if being sent by the same delivery method.

Agency heads will receive an acknowledgment the submission was received.

Complete Submissions: Only complete submissions will be accepted. Entities submitting incomplete applications will be contacted by phone, email, and/or letter and notified of the missing material. Incomplete applications will not be retained. Any missing material must be submitted (and will only be accepted) as part of a complete submission packet.

Zero Incidence Issues: If your agency does not experience an opportunity to comply with a requirement, such incidence will not be held against the agency. For example, your agency may not use Body Worn Cameras and therefore does not have a policy to submit. Another example would be that your agency might not have had an officer join or leave your agency in the specified timespan. Simply mark N/A on the relevant checklist item.

Non-Applicability: Any element or part thereof that is not a function or responsibility of the agency will be deemed not applicable. Simply provide a memo explaining the circumstances in your agency's packet.

Cost: The Commission does not charge a fee for pursuing, attaining or maintaining accreditation under any of the options discussed in this Manual. Agencies may incur costs associated with salaries of personnel and materials in order to apply for, obtain, and maintain compliance.
