The Reid P.E.A.C.E. Method of Investigative Interviewing®

COURSE DESCRIPTION: This program's singular focus upon direct questioning is a natural outgrowth of the origins of **THE REID TECHNIQUE®** process. It's developers, John E. Reid and Fred E. Inbau, were both attorneys who were well trained in the courtroom skills of direct and cross examination. Those tools have always been embedded within the Reid Technique along with a firm commitment to constitutional safeguards that respect the legal rights and human dignity of the accused.

The Reid P.E.A.C.E. Method narrows the interviewing scope to **direct inquiries** as the sole means of eliciting truthful disclosures from suspects, witnesses, and victims of unlawful behavior.
