

# Basic Crime Scene Photography

**March 25, 2024, from 8:00 AM-5:00 PM**

**Location: Northeast Community College Norfolk, NE**

**College of Nursing Room 143 and Law and Public Safety Training Lab**

**Cost: \$100**

This 8-hour class will entail PowerPoint lectures and hands-on experience. Students will learn basic DSLR camera functions on full Manual mode to include the application and manipulation of F-stop, shutter speed and ISO. Students will be asked to provide their own DSLR camera, detached flash, tripod and camera SD memory card to have the best experience. Students will have the opportunity to apply Manual mode techniques through basic room photography and mock crime scenes. Additional photography techniques to include injury photography, body documentation, impression photography and latent print photography may be included based on allotted class time.

## Instructor: Cassie M. Salter, MFS, CSCSA

Cassie Salter is a full-time Crime Scene Investigator and NIBIN Acquisition Technician for the Council Bluffs Police Department. Cassie has a bachelor's degree from Wayne State College in Criminal Justice with a concentration in Law Enforcement and a minor in Sociology. She also has a master's degree from Nebraska Wesleyan University in Forensic Science with a concentration in Investigative Sciences. Cassie is a Certified Senior Crime Scene Analyst through the International Association for Identification and has been with the Council Bluffs Police Department since October 2011. Cassie has over 2300 training hours in all areas of Crime Scene Investigation with a specific passion for Crime Scene Photography.

## Learning Outcomes:

1. Students will be able to operate a basic DSLR camera in Full Manual Mode to include F-stop, shutter speed and ISO manipulations.
2. Students will be able to accurately document a crime scene utilizing the basic DSLR camera to include overall mid-range and close photographs.
3. Students will be able to document other aspects in crime scene investigation to include injury photography, latent print photography and more.
