Emerging Legal Trends

Emerging Legal Trends dives deep into ten search and seizure areas that officers and command staff must understand. These areas include topics such as drones, curtilage, trespass searches and more. The instruction is eye-opening, fast paced and never boring. Our instructors are retired police officers turned attorneys and know what you face when making legal decisions.

CSI Case Law

The Crime Scene Investigator Course is for all sworn and non-sworn members who process crime scenes. This topic is vital because many times the evidence retrieved from the scene provides the crucial link when trying to connect the suspect to the crime. This course will help you get it right every time.

Duty to Intervene

Failing to intervene may result in termination, criminal charges, and civil rights lawsuits. Every law enforcement professional must attend this course – Your job and freedom depend on it.

Real World De-Escalation
