Force Science Institute's Realistic De-Escalation Instructor Course January 11-12, 2021, from 0800 to 1700 hours Public Safety Training Center, 11616 Rainwood Road, Omaha, NE Cost: \$495

The Realistic De-Escalation Instructor Course thoroughly dissects the complex concept of “de-escalation” and the many elements in determining its feasibility or effectiveness in a variety of encounter types. This deeper knowledge of de-escalation is valuable to both line officers and the investigators and administrators called in to review force events after the fact. All these parties will need to determine to what extent using de-escalation techniques is feasible in specific high-pressure and rapidly unfolding encounters
