This Covert Online Investigations course is designed to teach law enforcement personnel how to start from the ground up in conducting covert online investigations. Students will be shown how to legally begin building a covert identity online using numerous online resources. Students will be shown relevant and current case studies to reinforce the unconventional investigative techniques taught in the course. Students will learn the most current case law that allows them to use these techniques in their investigations. The investigative techniques taught in this class apply to Detectives, Narcotics, Vice, Internal Affairs, Fugitive Units, Crime Analysts, etc.

TOPICS INCLUDE:

- Legal issues regarding Covert Accounts/Chatting
- Creation of covert accounts
- Maintaining covert accounts
- Apps to assist in covert account investigations
- Finding suspects using covert accounts
- Engaging with suspects
- Capturing and presenting evidence obtained during communications
- Exercises for students to demonstrate proficiency

Including in tuition, students will be given a smart phone to begin building their covert account from ground zero. Students will also receive a list of investigative resources in the class and shown numerous free databases/resources during the class.

INSTRUCTOR: Detective Sewall is a highly commended detective working primarily undercover on internet crimes against children cases. He is known for his ability to use trending technology and applications to find and exploit the new online "playground" of child predators. He has organized multi-defendant proactive undercover online operations while using undercover chatting and personas which have resulted in hundreds of child enticement, child pornography and child sexual assault arrest and convictions.
