

Interdiction for the Protection of Children Training

Kansas Law Enforcement Training Center

Course Description:

Interdiction for the Protection of Children is designed to make patrol officers aware of the variety of resources available to assist them in establishing the status of a child who may be missing, exploited or at risk of exploitation and what courses of action are immediately available.

Core Competencies:

- Participants will employ best practices as they investigate any crime from its beginning to its eventual disposition; either as an individual or as part of an investigatory team.

Course Objectives:

- Participants will know resources available to them and courses of action to take when encountering an endangered child.
- Participants will identify research supported indicators of an endangered child and a high risk threat to children.
- Participants will develop a basic understanding of behavioral patterns of both suspects and victims.
- Participants will be able to articulate their findings that are supported through research.

Instructional Methods:

- Lecture
- Discussion
- Scenarios

Who Should Attend:
