## Decision-Making Model for Diversion: Intervention by Risk Level

High Mental Health or Substance Abuse Risk

Divert with Mental Health/Substance Abuse Services

Intensive
Intervention with
Mental
Health/Substance
Abuse Services &
Risk-NeedResponsivity Services

Low Risk to Reoffend High Risk to Reoffend

Divert with little to no intervention E.g Positive youth development, mentoring.

Intensive
Intervention with
Risk-NeedResponsivity Services

Low Mental Health or Substance Abuse Risk
