

# **NARCORANGER™** Proactive Drug Training for Patrol & other Law Enforcement

**NARCORANGER™** training courses have been developed and instructed by the most experienced and successful narcotics investigators (NarcoRangers), anywhere! Each training course provides real-world tactics, tips and advice to help you perform safely and effectively in the streets to seize drugs, seize money, seize guns and cultivate confidential informants.

This course, **NARCORANGER™ Drug Training for Patrol and other law enforcement** provides information and tactics, including recognizing street-level drug dealing, identifying the methods drug dealers use to sell drugs in the streets, and meet drug customers through a social media/app drug deal (Snapchat, WhatsApp, Telegram, etc..) so you can observe criminal drug activity in progress. The instructor will explain drug slang, drug packaging, and methods used by street dealers selling in the street. The instructor will discuss tactics for effective roadside interviewing during a vehicle stop. Red Flags that are consistent with drug dealers using vehicles, vehicle hidden compartments, deceptive statements made by drug dealers and more will be instructed.
