

# Officer De-Escalation Techniques

## Course Description:

In today's world, Law Enforcement Officers must be efficient physically, mentally and verbally. This class is designed to give today's Police Officers the tools needed to effectively communicate with citizens in a way that everyone is safe and situations are handled with the highest amount of respect and professionalism.

## Core Competencies:

- Participants will be able to decide upon prescribed courses of action or techniques that will provide a greater level of safety in a variety of environments, events and situations.
- Participants will exhibit fairness in policing while giving people a voice and performing law enforcement duties with impartiality and the necessary level of transparency to sustain and strengthen public trust.

## Course Objectives:

- To consider verbal and non-verbal communication methods
- To understand and practice effective active listening skills
- To communicate in clear, respectful and non-judgmental ways
- To apply discussed skills in real-world scenario

## Instructional Methods:

- Lecture
- Scenarios with individualized de-brief

## Who Should Attend:

- Law Enforcement Officers
- Correction Personnel

## Course Requirements:

- 100% attendance and participation

## Fitness Requirements and Expectation of Physical Risk:

- [Somewhat Active](#)
