# South Central Nebraska Youth Task Force Comprehensive Juvenile Services Community Plan

## July 1, 2021 – June 30, 2025

Adams, Clay, Fillmore, Franklin, Harlan, Kearney, Nuckolls, Phelps, & Webster Counties

Prepared By:	Sonia Klouse Community Planning Coordinator 723 W. 1st St. Hastings, NE 68901 sklouse@ywcaadamscounty.org
Chair of Team:	Dr. Susan Lindblad, M.Ed., Ph.D. 1924 West A St. Hastings, NE 68901 susan.lindblad@hpstigers.org
Board Chair:	Lee Hogan Adams County Board of Supervisors Chair (Lead County) 500 W 4th St. Hastings, NE 68901 lhogan@gtmc.net

### Introduction

Adams, Clay, Fillmore, Franklin, Harlan, Kearney, Nuckolls, Phelps, & Webster Counties make up the nine county South Central Nebraska region included in this plan. Adams County is the most populous by a large margin and is therefore home to many of the programs & services that serve the other eight surrounding counties. However, the majority of the communities that make up the nine county service area are rural and located more than a 60 minute drive from Adams County's central hub, Hastings. Limitations on time and transportation may present a significant barrier to some youth and families when attempting to access the programs and services described in this document.

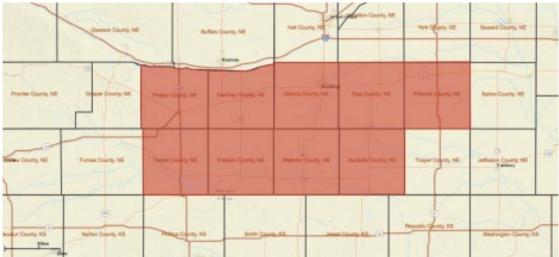

Figure 1. South Central Nebraska 9 County Service Area

Schools in this region include Hastings Public Schools, St. Cecilia & St. Michael's Catholic School, Adams Central School District, Silver Lake, Kenesaw, Harvard, Clay Center, Sandy Creek, Sutton, Blue Hill, Red Cloud, Superior, Lawrence-Nelson, Geneva, Alma, Minden, Holdrege, and Franklin. Two institutions of postsecondary education, Hastings College and the Hastings Campus of Central Community College, are located in Adams County. Central Community College also has a learning center in Holdredge.

Total school enrollment in Adams County for the 2018-2019 school year was 5,128. Clay County had 703, Fillmore County had 937, Franklin County had 281, Harlan County had 353, Kearney County had 1,351, Nuckolls County had 1,116, Phelps County had 1,558, and Webster County had 590. Adams, Clay, Franklin, Kearney, Nuckolls, and Webster counties report higher percentages of children aged 12 to 17 living below 185% poverty than Nebraska's state average.

## **Data Summary**

#### Section I. Youth Level

**Table 1.** Nine County Mental Health Symptoms & Substance Use by Grade (2018)\*University of Nebraska at Omaha Juvenile Justice Institute County Needs Assessment FY 20-21Highlight indicates percentage higher than Nebraska state average

		8 <sup>th</sup>	10 <sup>th</sup>	12 <sup>th</sup>
Adams	Loss of sleep from worry	22.5%	25.4%	22.2%

## **Comprehensive List of Services**

#### **SYSTEM POINT: PREVENTION**

(includes programs that aim to intervene before and after problematic behaviors are identified)

Program/ Agency Name	Eligible age	Risk or need
Zone After School Program	Middle	Anti-social attitudes, inappropriate use of time,
(YWCA Adams County)	School	lack of supervision, low achievement, low
		attachment, deviant peer groups, low literacy
CareerConnect (MentoringWorks)	High School	Anti-social attitudes, truancy, low engagement,
	8	low attachment
SchoolConnect (MentoringWorks)	Elementary	Anti-social attitudes, truancy, low engagement,
	5	low attachment
Teen Outreach Program at Hastings	Middle	Anti-social attitudes, lack of concern for others,
Middle School (YWCA)	School	inappropriate use of time, deviant peer groups
Maryland Living Center	16-21	Previous victimization, lack of supervision, lack
		of discipline, abusive parent(s), family violence
Title One Migrant Education Program	3-21	Low achievement, low attachment, low literacy
(Head Start Child and Family		
Development Program) Serves Adams		
Central, Hastings, Kenesaw, Silver Lake,		
Harvard, Sutton, Clay Center/Sandy		
Creek, Doniphan-Trumbull,		
Lawrence/Nelson, Superior, Blue Hill, and		
Red Cloud school districts.		
SASA Crisis Center Teen Services &	0-18	Abusive parent(s), family violence, previous
Child Advocate		victimization
Hastings Public Schools AWARE Grant	K-12 Grades	Anxiety/depression, mental health disorder(s),
("Advancing Wellness and Resiliency in		antisocial attitudes
Education")		
STARS (Serves Adams, Webster, Clay,	K-12 Grades	Truancy
Nuckolls, Kearney, Franklin & Phelps		
Counties)		
Juvenile Intensive Outpatient (Horizon	0-17	Drug/alcohol use
Recovery)		
Life Skills (Horizon Recovery)	0-17	Drug/alcohol use
Substance Abuse, Mental Health, or Co-	0-17	Drug/alcohol use, anxiety/depression, mental
Occurring Assessments (Horizon		health disorder(s)
Recovery)		
CASA of South Central Nebraska (Serves	0-17	Abusive parent(s), family violence, parental
Adams, Clay, Fillmore, Franklin,		substance abuse, low parental warmth, lack of
Nuckolls, & Webster Counties)		supervision, previous victimization
TeamMates (Chapters in Hastings,	3-12 Grades	Anti-social attitudes, truancy, low engagement,
Harvard, Sandy Creek, Sutton, Alma,		low attachment, low achievement
Exeter-Milligan, Fillmore Central,		
Franklin, Minden, Axell, Wilcox-Hildreth,		
Superior, Holdrege, & Red Cloud school		
districts)		

Area Substance and Alcohol Abuse Prevention - ASAAP (Serves Adams, Clay, Nuckolls, & Webster Counties)	K-12 Grades	Drug/alcohol use
Family & Youth Mediation (Central Mediation Center)	0-19	Lack of concern for others, inappropriate use of time, lack of supervision, lack of discipline, truancy, parental hostility
Child Welfare Conferencing (Central Mediation Center)	0-19	Lack of supervision, lack of discipline, low parental warmth, abusive parent(s), parental substance use, family violence

#### SYSTEM POINT: DIVERSION SERVICES

(diversion and services available to youth on diversion)

	1	
Program/ Agency Name	Eligible age	Risk or need
CASA Diversion (Serves Adams, Clay,	0-17	Defiance of authority, lack of concern for others
Fillmore, Nuckolls & Webster Counties)		
Life Skills (Horizon Recovery) Course	0-17	Defiance of authority, lack of concern for others,
completion can fulfill Diversion		inappropriate use of time
community service requirement		
Pretrial Diversion (Kearney County	0-17	Defiance of authority, lack of concern for others
Attorney)		
Pretrial Diversion (Phelps County	0-17	Defiance of authority, lack of concern for others
Attorney)		
Victim Youth Conferencing (Central	11-18	Lack of concern for others, inappropriate use of
Mediation Center)		time, lack of supervision, lack of discipline,
		defiance of authority
Life Skills-Conflict Class (Central	11-18	Lack of concern for others, defiance of authority,
Mediation Center)		low literacy
Family & Youth Mediation (Central	0-19	Lack of concern for others, inappropriate use of
Mediation Center)		time, lack of supervision, lack of discipline, truancy,
		parental hostility
Child Welfare Conferencing (Central	0-19	Lack of supervision, lack of discipline, low parental
Mediation Center)		warmth, abusive parent(s), parental substance use,
		family violence

#### SYSTEM POINT: ALTERNATIVES TO DETENTION FOR PRE-ADJUDICATED YOUTH ONLY

(include any programs that allow youth to remain in the community after any contact with law enforcement)

Program/ Agency Name	Eligible age	Risk or need
Victim Youth Conferencing (Central	11-18	Lack of concern for others, inappropriate use of time,
Mediation Center)		lack of supervision, lack of discipline, defiance of
		authority
Pretrial Diversion (Kearney County	0-17	Defiance of authority, lack of concern for others
Attorney)		
Pretrial Diversion (Phelps County	0-17	Defiance of authority, lack of concern for others
Attorney)		

CASA Diversion (Serves Adams, Clay, Fillmore, Nuckolls & Webster Counties)	0-17	Defiance of authority, lack of concern for others
Life Skills (Horizon Recovery) Course completion can fulfill Diversion community service requirement	0-17	Defiance of authority, lack of concern for others
Life Skills-Conflict Class (Central Mediation Center)	11-18	Lack of concern for others, defiance of authority, low literacy
Family & Youth Mediation (Central Mediation Center)	0-19	Lack of concern for others, inappropriate use of time, lack of supervision, lack of discipline, truancy, parental hostility
Child Welfare Conferencing (Central Mediation Center)	0-19	Lack of supervision, lack of discipline, low parental warmth, abusive parent(s), parental substance use, family violence

<b>KNOWN GAPS IN SERVICES</b> (include any programs that allow youth to remain in the community after any contact with law enforcement)				
Program/ Agency Name	Eligible age	Risk or need		
Spanish Language (or bilingual) Prevention/Promotion Programs	0-18	Anti-social attitudes, inappropriate use of time, lack of supervision, low achievement, low attachment, deviant peer groups, anxiety/depression, mental health disorder(s), truancy, disenfranchised neighborhood, low attachment, low literacy, previous victimization		
Spanish Language (or bilingual) Diversion Services	0-17	Defiance of authority, drug/alcohol use, lack of concern for others		
Free Before/After School Programs for Elementary & High School Students	K-12	Anti-social attitudes, inappropriate use of time, lack of supervision, low achievement, low attachment, deviant peer groups		
Reliable to/from school transportation system	K-12	Truancy		

## Community Analysis and Response (CAR) Final Worksheet

<b>COMMUNITY ANALYSIS &amp; RESPONSE WORKSHEET</b>			
Identified Need	Existing Program, Agency or Resource	Eligible age	Does this program accomplish the desired change? If no, what is missing?
	YWCA Adams County Zone After School Program	11-15 years (Middle School)	Yes, provides reliable, supportive mentors outside of school & home.
Below state average in youth who report adult(s) at home and/or school who listen(s)	MentoringWorks (SchoolConnect, Career Connect)	Elementary, High School	<ul><li>Yes. Both programs provide reliable, supportive mentors and, because mentorship occurs primarily at the school, also serves as a protective factor against truancy.</li><li>Both primarily serve juveniles in Adams County. Gap in service to</li></ul>
			middle school aged youth.
	Family & Youth Mediation (Central Mediation Center)	0-19	Yes, mediation is evidence-based and focuses on ensuring all parties are heard
Increase in juvenile arrests for other assaults, vandalism, drug possession, & runaway	Victim Youth Conferencing (Central Mediation Center)	11-18	Yes, proven to reduce recidivism for the same or similar offense.
Increase in juvenile arrests for other assaults, vandalism, drug possession, & runaway	Diversion programs	Under 18	Yes, proven to reduce recidivism for the same or similar offense.
Below state average in youth who report adult(s) at home & school who listen(s)	CASA Family Navigation Services	K-12 grades	Yes, but primarily serves Adams County.
Above state average rates of youth self reporting depression, loss of sleep from worry, suicide attempts/consideration	Educational Service Unit 9 (ESU9) 15 school district special services	Pre-12 grades	Yes, but this program is still in its infancy. Only 4 LMHPs serve 8/15 districts (financial limitations to hire LMHPs in rural schools).

South Central Ne	ebraska Comprehensive Juvenile S	ervices Communit	y Plan (2021 – 2025)
Youth reporting higher than state average substance use (marijuana, alcohol, tobacco, vaping)	Horizon LifeSkills & Juvenile Intensive Outpatient Area Substance Abuse and Prevention Program (ASAAP)	12-18, 12-21 K-12	Yes, but high numbers indicate that students are still participating in substance use in spite of prevention programming.
Above state average rates of youth self reporting depression, loss of sleep from worry, suicide attempts/consideration	Hastings Public Schools AWARE Program	K-12	Yes (but only Hastings Public Schools) & project is grant funded for 5 years.
Chronic truancy	STARS	K-12 grades	Yes, but in some communities Black, Native American, & Hispanic youth are disproportionately represented among chronically truant students.
	Family & Youth Mediation (Central Mediation Center)	0-19	Yes, truancy mediation is evidence-based, but more outreach is needed to increase referrals, especially among overrepresented demographics.

## Gaps to be Filled Worksheet

GAPS IN THE CONTINUUM			
Brief Data Snapshot	Existing Program, Agency or Resource	Eligible age	Does this program accomplish the desired change? If no, what is missing?
Juvenile record sealing is not "automatic" even if statute requires it. (Adams, Nuckolls, Kearney, Harlan, Fillmore, Clay, Webster)	Satisfactory completion of mediation or pre-trial Diversion	0-17	No. May need to explore the feasibility of creating a task force/action group to communicate with County Attorneys regarding the present & future detrimental effects of leaving juvenile records unsealed

Hispanic, Native American,	STARS	K-12 grades	No Need to expand outreach
Hispanic, Native American, & Black youth are overrepresented in chronic absenteeism compared to county demographics & school enrollment.	STARS School referral welfare checks	K-12 grades	No. Need to expand outreach and bilingual case management.

#### Youth & Community Levels

Need for Supportive Adults: Eighth, tenth, and twelfth grade youth in counties that participated in the 2018 Nebraska Risk & Protective Factor Student Surveys reported a lack of adults, both at home and at school, who listen. In Adams County, the percentage of students reporting a supportive adult at home and school was below the state average across grades. Each of the other counties represented in the data reported below state average in at least one grade and category. The presence of after school and mentoring programs provide outside of school/home support for students who may feel that the other adults in their life don't care to listen to their problems or concerns. However, the two programs listed, YWCA Zone After School Program and MentoringWorks' two programs (SchoolConnect & CareerConnect), primarily serve youth in Adams County and each only works with a specific age group, rather than encompassing the whole range of school-aged children and adolescents. These programs also work with youth directly, providing supplementary caring adults, but are unable to fill that need at home or school. In Adams County, CASA Family Navigation Services works with families to address the half of the gap that exists in the home. The Family Navigation office works with youth and their families to teach skills through individualized services provided to referred youth on a case-by-case basis: a personalized "life skills" class for the family unit. Family & Youth Mediation offered by Central Mediation Center uses a collaborative problem-solving process that maintains and strengthens ongoing family relationships while developing a mutually agreeable solution. Mediators are neutral and professionally trained and the process is voluntary and confidential. Central Mediation Center offers this service to help families develop parenting plans, arrange custody & visitation, and strengthen parent/child relationships.

<u>Objective</u>: Expanded access to supportive adults outside of the home and academic spheres to youth across all nine counties will be achieved through 1) intentional outreach & recruitment for all five aforementioned programs and 2) an exploration of virtual support options and/or travel vouchers to alleviate the financial barriers for youth & families willing to participate, but faced with a significant commute.

<u>Need for Mental Health Services</u>: Across the counties that provided data to the Nebraska Risk and Protective Factors Student Surveys, students (8th, 10th, 12th) report depression, loss of sleep from worry, and considered/attempted suicide at rates higher than the state average. Even when percentages did not surpass the state average, they still demonstrate the need for mental health services among juveniles in our communities. The fact that, for example, 17.9% of Adams County twelfth graders self-reported having contemplated or attempted suicide and over 30% Kearney County eighth graders report symptoms of depression is alarming. In 2018 Hastings Public Schools in Adams County received funding for **Project AWARE** (Advancing Wellness and Resiliency in Education), a five year grant designed to "increase awareness of mental health issues among school-aged youth, provide training for school personnel and other adults who interact with school-aged youth to detect and respond to mental health issues, and connect school-aged youth, who may have behavioral health issues or serious mental illness, and their families to needed services" (Nebraska Department of Education, 2018). This project will only be implemented among

public school students in Hastings, but efforts to expand mental health services are ongoing in other communities as well. **Educational Service Unit 9** (ESU 9) **Special Services' School Mental Wellness Program** serves fourteen school districts, including those in Adams, Clay, Nuckolls, and Webster counties. Through this program, ESU 9 provides four Licensed Mental Health Practitioners to eight of the fourteen districts in their service area to assess and treat students with mild to severe mental health issues that may impact their education. The cost of hiring LMHPs for rural schools is prohibitive. Expanding services will require dramatic increases in staff and funding, but is essential to address the persistence of mental health challenges among youth (as clearly demonstrated in each Community Needs Assessment that included data from the NRPFSS).

<u>Objective</u>: Alleviate financial & personnel limitations to provide enhanced & expanded access to mental health screenings and, if necessary, care from Licensed Mental Health Practitioners in (especially rural communities, through 1) the exploration of additional funding sources and 2) the cultivation of interagency partnerships by leveraging the established Youth Task Force network of professionals, programs, and services across the nine counties as a resource.

Need for Reimagined Substance Misuse Education: In addition to mental health struggles, youth self-reported substance misuse, in some categories, at rates higher than the state average. These behaviors include underage alcohol consumption, binge-drinking, vaping, and marijuna & tobacco use. Binge-drinking behavior was selfreported among 24.3% of surveyed high school seniors in Nuckolls County compared to a state average response of 15%. In Clay County, current marijuana use was reported by 18.2% of eighth graders compared to 3% statewide. Current vaping and tobacco use was reported by Adams County twelfth and tenth graders at 53.5% (37.3% statewide) and 14.2% (8% statewide) respectively. Surveyed youth in Adams, Clay, Fillmore, & Nuckolls also reported a perception of their communities' attitudes toward marijuana, alcohol, & tobacco that were more approving toward these substances than youth surveyed across Nebraska. For example, in Clay County, 81.8% of eighth graders understood their community's attitude toward marijuna use as "very wrong" compared to 91.4% statewide. In Fillmore County, 55.7% of twelfth graders thought their community felt underage alcohol consumption was "very wrong" compared to a state average of 68.7%. Horizon Recovery's Life Skills Program and programming provided by ASAAP are the primary, often school-based, preventative substance misuse education efforts in the nine county region. Horizon Recovery also offers outpatient treatment for juveniles struggling with addiction. The combination of higher than average self-reporting and interpretations of community attitudes indicates a disconnect between the messaging students receive through programs like Life Skills and ASAAP and what they observe in their communities with regard to marijuana, alcohol, and tobacco. The data shown in the Community Needs Assessments will serve as a valuable tool for substance misuse prevention & treatment programs to examine and, if necessary, redesign their approach.

<u>Objective</u>: Resolve the apparent disconnect between substance misuse prevention programming and self-reported behaviors/community attitudes by 1) evaluating current curricula for effectiveness and 2) exploring ways to reach and serve youth who currently use substances like alcohol, marijuana, or tobacco, but not often/severe enough to be referred for treatment by school counselors or parents/guardians.

<u>Prevalence of Disproportionate Chronic Truancy Among Racial/Ethnic Groups</u>: The **STARS** program is available to all students in Adams, Webster, Clay, Nuckolls, Kearney, Franklin, & Phelps counties. STARS works with truant and chronically absent students. The program design includes weekly meetings with students and their families to address attendance concerns as well as investigate the causes behind their absences. Central Mediation Center also offers **Truancy Mediation**, a no cost alternative to court that is intended to identify unidentified needs & attendance barriers, develop mutually satisfactory options to resolve truant behavior, develop a plan for regular attendance, and

facilitate communication between the home, the school, and the community. Statewide, Hispanic, Native American, and Black youth are overrepresented in chronic absenteeism. In some counties, the data for these students had to be masked due to an overall low percentage in the total student population. However, in Adams, Clay, Fillmore, Franklin, and Phelps counties, Hispanic youth, as well as Black youth in Adams and American Indian or Alaskan Native youth in Fillmore, were overrepresented in 2018-2019 compared to county demographics and school enrollment. For example, during the 2018-2019 school year in Adams County, Hispanic students made up 16.8% of total school enrollment but 30.26% of chronically truant youth.

<u>Objective</u>: Address racially/ethnically disproportionate chronic truancy, particularly among Hispanic youth, by 1) investing in and expanding bilingual case management & outreach 2) consulting with stakeholders & members of Hispanic communities in each county to identify potential causes and solutions and 3) increase collaboration between Truancy programs to more efficiently utilize resources & serve youth.

#### Policy, Legal, & System Level

Nonautomatic Juvenile Records Sealing: In 2018-2019, Adams County experienced an increase in juvenile arrests for other assaults, vandalism, drug possession, & runaways. Upon referral, Diversion and mediation programs (Central Mediation Center's Victim Youth Conferencing) can provide offenders a chance to repair the harm caused by their deviant behavior. By preventing and reducing court involvement, education & community service based approaches, as well as restorative justice models, are successful at rehabilitating youth and reducing recidivism rates without subjecting them to the full effect of the juvenile justice system. Record sealing upon successful completion of Diversion/Mediation is not automatic in all nine counties which can negatively impact juvenile offenders long after they have made amends for their offense. According to Neb. Rev. Stat. § 43-2,108.03, "the court will automatically seal a child's record, if no petition or criminal complaint was filed, or the charges were dismissed and any pretrial diversion or mediation has been completed and no related charges remain, or if pretrial diversion or mediation has been satisfactorily completed". In their Community Needs Assessments responses, Adams, Nuckolls, Kearney, Harlan, Fillmore, Clay, and Webster counties indicated a lack of a process for automatic juvenile record sealing even if the above conditions have been met. In order to fulfill the purpose of diversion and mediation programs, efforts must be made, in collaboration with County Attorneys and administrative staff, to develop a consistent and automatic records sealing process for juveniles with dismissed or dropped charges and those who have successfully completed their court requirements. After a conversation with representatives from the Juvenile Justice Institute, the Diversion office in Adams County successfully requested a change in their County Attorney's juvenile record sealing preferences. Similarly all nine counties responded "always" when asked if they file a juvenile's charges if they are unsuccessful on diversion. Adams, Clay, Fillmore, Harlan, Nuckolls, and Webster counties do not issue warning letters in place of intervention, even for lowest-risk youth.

<u>Objectives</u>: 1) Work with each County Attorney's office to establish a process, in compliance with statute when necessary conditions have been met, to establish a consistent process for juvenile record sealing and 2) examine the feasibility of sending warning letters for lowest risk youth as an alternative to intervention, as well as not filing on all unsuccessful cases if the juvenile has completed part of their diversion plan (as suggested by JJI). 3) Increase collaboration and inter-agency referrals between Mediation & Diversion programs to more efficiently utilize resources & serve youth.

#### **Community Team Level**

<u>Community Team Engagement</u>: The nine county South Central community team, also known as the **Youth Task Force**, responded to the 2020 Collective Impact Survey at a rate of 57.9%, a response significantly lower than the goal of 75%. While this figure is a marked improvement from the 17.9% response rate in 2019, another point of concern revealed by the 2019 Collective Impact Survey is more than half of respondents reporting "not feeling heard". These results demonstrate that there is room for improvement among team members and administration. Also indicative of an overall need for intercounty outreach is the missing Nebraska Risk and Protective Factor Student Survey data. Four of the nine counties did not participate in the NRPFSS. A full picture provided by NRPFSS data for all nine counties would help programs to identify needs or behaviors, and therefore serve the region, in the most comprehensive manner.

<u>Objectives</u>: 1) Achieve at least a 75% response rate for the 2021 Collective Impact Survey through persistent, targeted communication and follow-ups. 2) Seek assistance from JJI & community team members to promote NRPFSS participation in missing counties by maximizing the networks & connections already present within the Youth Task Force. 3) Increase YTF engagement and sustainability by continuing virtual attendance options to increase the likelihood of engagement from members who reside or work outside of Adams County and/or do not receive community-based juvenile services aid funding.

### List of Team Members

#### **Description of Team**

In October 2001, four original counties (Adams, Clay, Nuckolls, & Webster) agreed to make Clay County the lead county in a funding effort to serve juveniles ages 12 to 18 who become involved in the juvenile justice system. Adams County became the lead county in 2018. Ever since, the South Central Nebraska Comprehensive Juvenile Services Community Plan has been updated with input from the Juvenile Justice Institute, as well as voluntary representatives from each of the nine counties. Each iteration serves as a three year strategic plan to guide juvenile services & program development in the region. Until this year, the plan has been evaluated and revised on a three year cycle. The 2021-2025 South Central Nebraska Comprehensive Juvenile Services Community Plan will be implemented over a four year period. The 2021-2025 plan was written by Community Planning Coordinator, Sonia Klouse in collaboration with a Community Planning Team consisting of representatives from agencies & organizations throughout the nine counties. This team was recruited via email invitations by former Project Director, Carissa Uhrmacher & current Planning Coordinator/Project Director, Sonia Klouse in the late Summer/early Fall of 2020. The planning team was made up of agency representatives and other stakeholders, some of whom were already participants in the nine county Youth Task Force, that expressed interest in participating in the '21 planning process.

The Youth Task Force (YTF) serves as the organization responsible for the management, distribution, & use of the Community-Based Juvenile Services funds from the Nebraska Crime Commission. Webster, Clay, Adams, Nuckolls, Fillmore, Phelps, Kearney, Franklin, & Harlan counties have joined together to apply and utilize this funding across their region. YTF meetings are held the first Tuesday of each month, usually in YWCA Adams County's conference room, from 11 am to 12 pm. No meetings are held in June or July. A virtual attendance option has been made available via Zoom in response to the COVID-19 pandemic. Remote participation will continue in future years in the interest of members' health & safety. as well as to leverage engagement by interested parties residing outside of Adams County. These meetings are led by the Project Director (Sonia Klouse). A monthly agenda is sent to all team members prior to meetings and minutes are distributed afterward. Each meeting includes introductions, grant recipient reports, program updates, administrative reminders & updates, county plan information, data sharing, networking, and introduction of new business items.

Melanie Curry, Adams County Treasurer, serves as the fiscal agent. The Project Director coordinates the application, reports, and makes contact with County Boards in each of the nine counties. Carissa Uhrmacher served as Project Director until October 16, 2020. Sonia Klouse assumed the position and will also write and oversee the 2021-2025 plan. Laura Stutte will serve as the Fiscal Contact, facilitating all program requests for funding from local non-profits, businesses, and individuals working with juveniles in the nine county region. Effective July 1, 2021, the Juvenile Services Community Based Grant will switch to a two year application (one year budget) cycle in order to simplify and streamline its relationship to the Comprehensive Juvenile Services Community Plan.

## **Closing Comments**

The nine counties' Community Needs Assessments revealed needs & gaps in services that can be met by utilizing existing resources and building networks across the region. Throughout the four year Comprehensive Juvenile Services Community Planning Cycle, this data-informed approach will ensure the most effective implementation of services at every level.

#### Youth & Community

- Expanded access to supportive adults outside of the home and academic spheres to youth across all nine counties will be achieved through 1) intentional outreach & recruitment for programs and an 2) exploration of virtual support options and/or travel vouchers to alleviate the financial barriers for youth & families willing to participate, but faced with a significant commute
- Alleviate financial & personnel limitations to provide enhanced & expanded access to mental health screenings and, if necessary, care from Licensed Mental Health Practitioners in (especially rural communities, through 1) the exploration of additional funding sources and 2) the cultivation of interagency partnerships by leveraging the established Youth Task Force network of professionals, programs, and services across the nine counties as a resource.
- Resolve the apparent disconnect between substance misuse prevention programming and self-reported behaviors/community attitudes by 1) evaluating current curricula for effectiveness and 2) exploring ways to reach and serve youth who currently use substances like alcohol, marijuana, or tobacco, but not often/severe enough to be referred for treatment by school counselors or parents/guardians.
- Address racially/ethnically disproportionate chronic truancy, particularly among Hispanic youth, by 1) investing in and expanding bilingual case management & outreach, 2) consulting with stakeholders & members of Hispanic communities in each county to identify potential causes and solutions, and 3) 3) increase collaboration between Truancy programs to more efficiently utilize resources & serve youth.

#### Policy, Legal, & System

• 1) Work with each County Attorney's office to establish a process, in compliance with statute when necessary conditions have been met, to establish a consistent process for juvenile record sealing and 2) examine the feasibility of sending warning letters for lowest risk youth as an alternative to intervention, as well as not filing on all unsuccessful cases if the juvenile has completed part of their diversion plan (as suggested by JJI).

#### **Community Team**

• Achieve at least a 75% response rate for the 2021 Collective Impact Survey through persistent, targeted communication and follow-ups. Seek assistance from JJI & community team members to promote NRPFSS participation in missing counties by maximizing the networks & connections already present within the Youth Task Force. Increase YTF engagement and sustainability by continuing virtual attendance options to increase the likelihood of engagement from members who reside or work outside of Adams County or receive community-based juvenile services aid funding.

COUNTY NEEDS ASSESSMENT FY 2020-2021

**Appendix: RED Descriptives** 

Appendix: Sealed Court Records by Year

22 27

COUNTY NEEDS ASSESSMENT FY 2020-2021

### Youth Level

Hispanic and Black youth are over-represented in chronic absenteeism compared to Adams County demographics and school enrollment.

More youth have IDEA plans than the state comparison across all years.

Adams County has higher than state averages of youth who qualify for free/reduced lunch, a little over  $\frac{1}{2}$  of the students in the last two years.

More youth report losing sleep from worry and being depressed, compared to the state.

More 8<sup>th</sup> graders report current alcohol use compared to the state, more 10<sup>th</sup> and 12<sup>th</sup> graders report higher marijuana compared to the state, and youth in all 3 grades report higher tobacco and vaping compared to the state.

10.1% of 8<sup>th</sup> graders report gang involvement.

JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update

### UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE

COUNTY NEEDS ASSESSMENT FY 2020-2021

### Family Level

Adams County has a higher rate of poverty compared to the state Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Adams County.

Table 15.

COUNTY NEEDS ASSESSMENT FY 2020-2021

### **Community Level**

Youth perceptions of community attitudes on marijuana use and cigarettes are lower than the state for 8th and 10th graders.

Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment).

Data for race and ethnicity at each iuvenile iustice system point is

	Number of charges Sealed	Total Number of charges	Sealed (%)
Dismissed or Dropped	236	320	<mark>73.8%</mark>
Offered Diversion, mediation, or RJ			
Filed in Juv. Court	1338	2433	55.0%
Filed in Adult Court (M or I)	70	118	59.3%
Filed in Adult Court and Transferred to Juv. Court	0	1	0.0%
Total	1252	1644	2896

\*Cases offered diversion, mediation or RJ are not available data points in in JUSTICE. Many cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis

#### UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

### Policy, Legal and System Level

This county is not a county required to provide counsel under statute; however, access to counsel is lower in this community than in the state. 3b absenteeism and uncontrollable filings have gone down over the last 5 years.

With respect to diversion practices, the community may want to consider a few things:

Not filing all unsuccessful cases, if the youth completed most of the diversion plan

Allowing warning letters for the lowest risk youth Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty.

#### Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) <sup>n</sup>

	Adams	Nebraska
Access to Counsel	<mark>40.0 59.9%</mark>	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section 43-247, counsel shall be appointed for such juvenile.

COUNTY NEEDS ASSESSMENT FY 2020-2021

## **Community Team Level**

A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.

This is an increase from 2019's response rate.

Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas

The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.

Good diversity on system noints

Table 26. Collective Impact Survey Response Rates <sup>p</sup>

#### UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

COUNTY NEEDS ASSESSMENT FY 2020-2021

COUNTY NEEDS ASSESSMENT FY 2020-2021

## Youth Level

Hispanic youth are over-represented in chronic absenteeism compared to Clay County demographics and school enrollment.

While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Native American, and Black youth are over-represented statewide in chronic absenteeism.

More youth have IDEA plans than the state comparison across all years. In 2018/2019, the percent of youth who qualify for free/reduced lunch increased by 5% and is now higher than the state average.

More youth in Clay County report losing sleep from worry across all grades, and 8<sup>th</sup> and 10<sup>th</sup> graders report being depressed, and 8<sup>th</sup> and 12<sup>th</sup> graders report higher considered/attempted suicide, compared to the state.

More 8<sup>th</sup> and 10<sup>th</sup> graders report current alcohol, marijuana, and vaping, more 8<sup>th</sup> and 12<sup>th</sup> graders report binge drinking, and all grades report higher tobacco use compared to the state.

10<sup>th</sup> and 12<sup>th</sup> graders report higher gang involvement compared to the state.

JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide

COUNTY NEEDS ASSESSMENT FY 2020-2021

## Family Level

Clay County has a higher rate of poverty compared to the state Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Clay County.

8<sup>th</sup> graders report feeling less supported by adults at home and school compared to the state; 12<sup>th</sup> graders report feeling less supported by adults at

## **Community Level**

Youth perceptions of community attitudes on alcohol and cigarettes is lower that the state for all grades, and the lower for 8<sup>th</sup> and 12<sup>th</sup> graders for marijuana use as compared to the state.

Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice,

Total	176	341	51.6%

\*Cases offered diversion, mediation or RJ are not available data points in in JUSTICE. All cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## Policy, Legal and System Level

This county is not a county required to provide counsel under statute; however, access to counsel is lower in this community than in the state. With respect to diversion practices, the community may want to consider a few things:

Not filing all unsuccessful cases, if the youth completed most of the diversion plan

Allowing warning letters for the lowest risk youth Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty, perhaps offering scholarships.

Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) <sup>n</sup>

	Clay	Nebraska
Access to Counsel	40.0 59.9%	73.5%

## Neb. Rev. 43-272. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section 43-247, counsel shall be appointed for such juvenile.

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

### **Community Team Level**

A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.

This is an increase from 2019's response rate.

Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas

The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.

Table 26.

#### UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

NEBRASKA

# Youth Level

- In 2018/2019, Hispanic and American Indian youth were over-represented in chronic absenteeism compared to Fillmore County demographics and school enrollment.
  - While we could not get race/ethnicity data for chronic absenteeism in this community for other years because the frequency was too low to report, Hispanic, Native American, and Black youth are over-represented statewide in chronic absenteeism.
- More youth have IDEA plans than the state comparison across all years.
- More 8<sup>th</sup> graders and 10<sup>th</sup> graders report current tobacco use compared to the state •
- 10% of 12<sup>th</sup> graders report gang involvement.
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment • evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture • of RED. Compared to the overall population of Fillmore County, Hispanic youth are overrepresented in probation intakes. However, white youth make up the majority of youth served at almost all system points.
  - This could be a result of the small number of youth served, again, the law enforcement data could help clarify.

# Family Level

- Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Fillmore County.
- 8<sup>th</sup> graders report feeling less supported by adults at home compared to the state, while 12<sup>th</sup> graders report feeling less supported by adults in schools compared to the state.
- 76% of abuse/neglect calls are unfounded.

Nebraska	36,480	33.4%	16.0%	68.3%

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# **Community Level**

- There are not many violent arrests in this community.
- Youth perceptions of community attitudes on substance abuse are lower compared to the state in almost all categories, with the exception of 8<sup>th</sup> and 12<sup>th</sup> graders' perception of community attitudes on marijuana.
- Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record
  requires administrative staff to initiate the process. Dismissed or dropped cases should be
  sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully
  complete their court requirements (completion of diversion, probation, restorative practice, or
  other treatment).
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity in this county.

### Table 19.

Community Violence Measured by Arrests for Violent Crime (2019) j

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# Policy, Legal and System Level

- This county is not a county required to provide counsel under statute; however, access to counsel is lower in this community than in the state.
- With respect to diversion practices, the community may want to consider a few things:
  - Not filing all unsuccessful cases, if the youth completed most of the diversion plan
  - Allowing warning letters for the lowest risk youth
  - Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty, perhaps offering scholarships.
  - Having a process for sealing records for youth on diversion with law enforcement and JCMS, as required by statute.
  - It is not clear why all first time offenders are not referred to diversion but perhaps this is due to the ineligible offenses.

### Table 22.

Access to Counsel	40.0 59.9%	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section  $\underline{43-247}$ , counsel shall be appointed for such juvenile.

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# **Community Team Level**

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.
  - This is an increase from 2019's response rate.
- Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas
- The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.
  - Good diversity on system points
- Almost half of the responders indicated they did not feel heard on the team.

# UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

COUNTY NEEDS ASSESSMENT FY 2020-2021

#### UNIVERSITY OF NEBRASKA AT OMAHA **EVIDENCE-BASED** JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

# Youth Level

- In 2018/2019Hispanic youth are over-represented in chronic absenteeism compared to Franklin County demographics and school enrollment.
  - While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Hispanic, Native American, and Black youth are over-represented statewide in chronic absenteeism.

NEBRASKA

- More youth have IDEA plans than the state comparison across all years. •
- More youth in Franklin County are on free/reduced lunch compared to the state. •
- This community has not participated in the NRPFSS and should consider participating in the next survey year (2020) to get youth-level data on mental health, gangs, supportive adults and community perceptions of substance use.
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture of RED; there are a low number of cases to consider at all system points but white youth make up the majority of youth served at all system points.

Nebraska Public High School 4-Year Graduation Rates by County (5-year estimates, 2015-2019) °

County	Total in Las	st 5 Years	Yearly Av	verages	Graduation	
	Graduates	Students	Graduates Students		Rate	Rank
Nebraska	100,111	112,857	20,022.2	22,571.4	88.7%	n/a
Franklin	113	123	22.6	24.6	91.9%	68

Data are only for public school districts and their associated high schools. The figures are aggregated based on the location of the school, not the residential location of the student. The figures for Dawes County are impacted by a vocational school where graduation rates are less than 25%; in the rest of the county graduation rates equal 93%.

## EVIDENCE-BASED NEBRASKA

COUNTY NEEDS ASSESSMENT FY 2020-2021

# Family Level

- Franklin County has a higher rate of poverty compared to the state
- Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Franklin County.
- The percentage of youth with an internet subscription and access to broadband internet at home is slightly lower than the state.
- 79% of abuse/neglect cases are unfounded.

Table 15.

# UNIVERSITY OF NEBRASKA AT OMAHA

COUNTY NEEDS ASSESSMENT FY 2020-2021

# **Community Level**

- There are not many violent arrests in this community.
- Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment).
  - When looking at the yearly data in the Appendix, Franklin County has 100% sealed for dismissed/dropped cases; it may be that cases still open from 2019 at the time of analysis impacted the overall total.
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity in this county.

Table 19.

Community Violence Measured by Arrests for Violent Crime (2019) <sup>j</sup>

Type of Violence	County	Nebraska
Murder and Nonnegligent manslaughter	0	34
Rape	0	264

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# Policy, Legal and System Level

- Despite not being in a county required to provide counsel under statute, access to counsel is similar to the state average, but still lower than ideal.
- With respect to diversion practices, the community may want to consider a few things:
  - Not filing all unsuccessful cases, if the youth completed most of the diversion plan
  - o Allowing warning letters for the lowest risk youth
  - Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty, perhaps offering scholarships.
  - Having a process for sealing records for youth on diversion with law enforcement and JCMS, as required by statute.
  - It is not clear why all first time offenders are not referred to diversion but perhaps this is due to the ineligible offenses.

Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) <sup>n</sup>

	Franklin	Nebraska
Access to Counsel	60.0% 79.9%	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section 43-247, counsel shall be appointed for such juvenile.

\*responses included 44 juvenile diversion programs; representing 68 counties/tribe (91.9% response rate)

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## **Community Team Level**

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.
  - This is an increase from 2019's response rate.
- Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas
- The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.
  - Good diversity on system points
- Almost half of the responders indicated they did not feel heard on the team.

## UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

COUNTY NEEDS ASSESSMENT FY 2020-2021

COUNTY NEEDS ASSESSMENT FY 2020-2021

# Youth Level

While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Hispanic, Native American, and Black youth are over-represented statewide in chronic absenteeism.

More youth have IDEA plans than the state comparison across all years.

While lower than the state average, Harlan County has seen an increase in youth receiving free/reduced lunch in recent years.

This community has not participated in the NRPFSS and should consider participating in the next survey year (2020) to get youth-level data on mental health, gangs, supportive adults and community perceptions of substance use.

Arrests for all ages are down between 2018-2019

JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (therewill be a

# Family Level

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

Harlan County has a higher rate of poverty compared to the state Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Harlan County.

Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment).

Data for race and ethnicity at each invenile instice system point is

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# Policy, Legal and System Level

This county is not a county required to provide counsel under statute; however, access to counsel is lower in this community than in the state. There are no curfew and few 3A, 3B, and 3C filings in court so the community is diverting appropriately.

With respect to diversion practices, the community may want to consider a few things:

Not filing all unsuccessful cases, if the youth completed most of the diversion plan

Allowing warning letters for the lowest risk youth Comparing diversion fees to court costs so they are

COUNTY NEEDS ASSESSMENT FY 2020-2021

# **Community Team Level**

A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.

This is an increase from 2019's response rate.

Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas

The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.

## UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

COUNTY NEEDS ASSESSMENT FY 2020-2021

#### UNIVERSITY OF NEBRASKA AT OMAHA **EVIDENCE-BASED** JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

# Youth Level

- While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Hispanic, Native American, and Black youth are overrepresented statewide in chronic absenteeism.
  - 0 2015-2017 there were higher rates of chronic absenteeism for Hispanic youth compared to school enrollment.

NEBRASKA

- The rates of Hispanic youth with chronic absenteeism in 2018-2019 are comparable to the school enrollment
- More youth have IDEA plans than the state comparison across all years.
- The last two years have seen an increase in youth with 504 plans which are higher than state • averages.
- 10<sup>th</sup> graders report loss of sleep from worry and having considered/attempted suicide at higher rates than the state
- 35.5% of 12<sup>th</sup> graders report being depressed; while not higher than the state, this is over 1/3 of • 12<sup>th</sup> graders.
- 12<sup>th</sup> graders report higher rates of alcohol, marijuana, tobacco, and vaping as compared to the • state: 10<sup>th</sup> graders report higher rates of binge drinking compared to the state.
- 10<sup>th</sup> graders report feeling less hopeful for the future than the state average. •
- 12<sup>th</sup> graders report higher rates of gang involvement than the state average. •
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment • evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture • of RED. Compared to the overall population of Kearney County, American Indian and Hispanic youth are overrepresented in revocation of probation.
  - 26.7% of the juvenile cases filed in adult court and 12.5% of cases with multiple charges 0 are missing race/ethnicity data.

#### UNIVERSITY OF NEBRASKA AT OMAHA **EVIDENCE-BASED** JUVENILE JUSTICE INSTITUTE **COUNTY NEEDS ASSESSMENT FY 2020-2021**

## **Family Level**

- Kearney County has a higher rate of poverty compared to the state. •
- Number of people with bachelor's degrees is lower compared to the state; this could be a result of • residents going to college in a different community and not returning to Kearney County.

**NEBRASKA** 

- A high number of students have computers and access to internet at home. •
- With regard to adults at school who listen, 10<sup>th</sup> graders report a lower average than the state. •
- Kearney County students report a high rate of adults at home who listen, especially 8th graders •

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

NEBRASKA

## **Community Level**

- Other assaults are high compared to other violent crime arrests, but it is still a low rate. •
  - Overall youth report that the community finds marijuana, alcohol, and cigarette use wrong
  - 10<sup>th</sup> graders perception of community attitudes on alcohol being wrong are lower than state 0 averages.
- Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record • requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment). Yearly data is available in the Appendix to see if the rate has improved because of legislation, but newer cases should naturally have lower rates of sealing than older cases.
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate ٠ Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity in this county.

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## Policy, Legal and System Level

- Despite not being in a county required to provide counsel under statute, access to counsel is similar to the state average, but still lower than ideal.
- There are few curfew and 3A, 3B, and 3C filings in court so the community is diverting appropriately.
- With respect to diversion practices, the community may want to consider a few things:
  - Not filing all unsuccessful cases, if the youth completed most of the diversion plan
  - Allowing warning letters for the lowest risk youth
  - Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty, perhaps offering scholarships.</li>
  - Having a process for sealing records for youth on diversion with law enforcement and JCMS, as required by statute.
  - It is not clear why all first time offenders are not referred to diversion but perhaps this is due to the ineligible offenses.

#### Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) <sup>n</sup>

	Kearney	Nebraska
Access to Counsel	60.0% 79.9%	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section <u>43-247</u>, counsel shall be appointed for such juvenile.

\*responses included 44 juvenile diversion programs; representing 68 counties/tribe (91.9% response rate)

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

### **Community Team Level**

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.
  - This is an increase from 2019's response rate.
- Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas
- The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.
  - Good diversity on system points
- Almost half of the responders indicated they did not feel heard on the team.

#### Table 26.

#### UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

COUNTY NEEDS ASSESSMENT FY 2020-2021

#### UNIVERSITY OF NEBRASKA AT OMAHA **EVIDENCE-BASED** JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

## Youth Level

While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Hispanic, Native American, and Black youth are overrepresented statewide in chronic absenteeism.

NEBRASKA

- In 2017/2018 the rate of Hispanic youth with chronic absenteeism was disproportionately high compared to the school data.
- Absenteeism numbers decreased in the last two year.
- More youth have IDEA plans than the state comparison across all years. •
- The number of youth receiving free/reduced lunch has been higher than the state average in • Nuckolls County since 2016.
- 12<sup>th</sup> graders reports higher rates of loss of sleep from worry, feeling depressed, and having • considered/attempted suicide compared to the state; 8th graders also report higher rates of loss of sleep from worry, and 10<sup>th</sup> graders report higher rates of feeling depressed.
- 12<sup>th</sup> graders report higher rates of alcohol, binge drinking, tobacco, and vaping; 10<sup>th</sup> graders • report higher rates of alcohol, tobacco, and vaping, compared to the state.
- All grades report lower rates of being hopeful for future compared to the state. •
- 10<sup>th</sup> and 12<sup>th</sup> graders report much higher rates of gang involvement compared to the state •
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment • evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture • of RED, however it appears that white youth are overrepresented at all system points. This may be due to a lack of race/ethnicity data at all points.
  - Race/ethnicity data is missing or unspecified at the three diversion points. Data for race and ethnicity at each juvenile justice system point is imperative for an accurate RED analysis.

#### EVIDENCE-BASED NEBRASKA

COUNTY NEEDS ASSESSMENT FY 2020-2021

## Family Level

- Nuckolls County has a higher rate of poverty compared to the state
- Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Nuckolls County.
- Youth in Nuckolls County have slightly lower rates of computers and access to internet at home compared to the state.
- The percent of households without a vehicle at home is slightly higher than the state
- 8<sup>th</sup> and 10<sup>th</sup> graders report feeling less supported by adults at home compared to the state.
- 10<sup>th</sup> and 12<sup>th</sup> graders report lower rates of adults at home and school who listen; the rates are lower for 10<sup>th</sup> graders than 12<sup>th</sup> graders.

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## **Community Level**

- There are not many violent arrests in this community.
- Youth perceptions of community attitudes on alcohol use and cigarettes are lower than the state for all grades, and for marijuana amongst 12<sup>th</sup> graders.
- Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record
  requires administrative staff to initiate the process. Dismissed or dropped cases should be
  sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully
  complete their court requirements (completion of diversion, probation, restorative practice, or
  other treatment). Yearly data is available in the Appendix to see if the rate has improved
  because of legislation, but newer cases should naturally have lower rates of sealing than older
  cases.
  - Nuckolls County is very close to 100% for dismissed/dropped cases; there are cases from 2018 that are not sealed
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity in this county.

Table 21. Juvenile Court Record Sealing Analysis (2015 – 2019) <sup>m</sup>

#### see Appendix for yearly data

	Number of charges Sealed	Total Number of charges	Sealed (%)
Dismissed or Dropped	20	22	<mark>90.9%</mark>
Offered Diversion, mediation, or RJ			
Filed in Juv. Court	40	81	49.4%
Filed in Adult Court (M or I)	3	4	75.0%
Filed in Adult Court and Transferred to Juv. Court			
Total	63	107	58.9%

\*Cases offered diversion, mediation or RJ are not available data points in in JUSTICE. All cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## Policy, Legal and System Level

- Nuckolls County is not a county required to provide counsel under statute; notably, access to counsel is low in this community.
- There are few curfew and 3A, 3B, and 3C filings in court so the community is diverting appropriately.
- With respect to diversion practices, the community may want to consider a few things:
  - o Not filing all unsuccessful cases, if the youth completed most of the diversion plan
  - o Allowing warning letters for the lowest risk youth
  - Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty, perhaps offering scholarships.</li>
  - Having a process for sealing records for youth on diversion with law enforcement and JCMS, as required by statute.
  - It is not clear why all first time offenders are not referred to diversion but perhaps this is due to the ineligible offenses.

#### Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) <sup>n</sup>

	Nuckolls	Nebraska
Access to Counsel	<mark>40.0 59.9%</mark>	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section <u>43-247</u>, counsel shall be appointed for such juvenile.

\*responses included 44 juvenile diversion programs; representing 68 counties/tribe (91.9% response rate)

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

### **Community Team Level**

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.
  - This is an increase from 2019's response rate.
- Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas
- The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.
  - Good diversity on system points
- Almost half of the responders indicated they did not feel heard on the team.

#### UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

#### UNIVERSITY OF NEBRASKA AT OMAHA **EVIDENCE-BASED** JUVENILE JUSTICE INSTITUTE **COUNTY NEEDS ASSESSMENT FY 2020-2021**

# Youth Level

While we could not get race/ethnicity data for chronic absenteeism in this community ٠ because the frequency was too low to report, Native American, and Black youth are overrepresented statewide in chronic absenteeism.

NEBRASKA

- Hispanic youth are over-represented in chronic absenteeism compared to Phelps County • demographics and school enrollment.
- More youth have IDEA plans than the state comparison across all years.
- While not higher than state averages, a little over 1/3 of youth in Phelps County qualify for free/reduced lunch.
- This community has not participated in the NRPFSS since 2012 and should consider • participating in the next survey year (2020) to get youth-level data on mental health, gangs, supportive adults and community perceptions of substance use.
- Arrests for all age groups are down from 2018 to 2019 •
- JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table.
- Juvenile arrests for other assaults, vandalism, drug possession, and runaway all increased • from 2018-2019.
- Law enforcement data by race and ethnicity would be very beneficial to have a clearer picture of RED. Compared to the overall population of Phelps County, Hispanic youth are overrepresented in probation intakes, successful probation and revocation of probation.
- Over half the of the juvenile cases filed in adult court and juvenile court cases with multiple charges are missing race/ethnicity data.
- Once referred, youth of all race/ethnicity are enrolling and successfully completing diversion • at the rate to which they were referred.

## UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

# Family Level

- Phelps County poverty rates for children are lower than the state average.
  - As noted in the youth level section, Phelps County does have about 1/3 of the students on free/reduced lunch.
- Number of people with bachelor's degrees is lower compared to the state; this could be a result of
  residents going to college in a different community and not returning to Phelps County.
- Students with access to internet at home is slightly lower than the state average

Table 15.

EVIDENCE-BASED NEBRASKA

COUNTY NEEDS ASSESSMENT FY 2020-2021

# **Community Level**

- Despite the low number of arrests in 2019, several are for violent crimes.
- Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record
  requires administrative staff to initiate the process. Dismissed or dropped cases should be
  sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully
  complete their court requirements (completion of diversion, probation, restorative practice,
  or other treatment). Yearly data is available in the Appendix to see if the rate has improved
  because of legislation, but newer cases should naturally have lower rates of sealing than
  older cases.
- Data for race and ethnicity at each juvenile justice system point is imperative for an accurate Racial and Ethnic Disparities (RED) analysis. The court trial database (JUSTICE) has a high rate of missing data by race/ethnicity in this county.

## Table 19.

Community Violence Measured by Arrests for Violent Crime (2019) <sup>j</sup>

Type of Violence	Phelps	Nebraska
Murder and Nonnegligent manslaughter	<mark>1</mark>	34
Rape	2	264

Table 21. Juvenile Court Record Sealing Analysis (2015 – 2019) <sup>m</sup>

#### See Appendix for yearly data

	Number of charges Sealed	Total Number of charges	Sealed (%)
Dismissed or Dropped	50	68	<mark>73.5%</mark>
Offered Diversion, mediation, or RJ			
Filed in Juv. Court	271	404	67.1%
Filed in Adult Court (M or I)	17	17	100.0%
Filed in Adult Court and Transferred to Juv. Court	0	2	0.0%
Total	338	494	68.4%

\*Cases offered diversion, mediation or RJ are not available data points in in JUSTICE. Many cases filed in adult court and transferred to juvenile court overlapped with cases that were filed in adult court as a misdemeanor or infraction; as such, they were omitted from analysis

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# Policy, Legal and System Level

- This county is not a county required to provide counsel under statute; notably, access to counsel is very low in this community.
- Truancy/absenteeism court filings have gone up the last 2 years, however, with such small frequencies, this increase should be interpreted cautiously.
  - With respect to diversion practices, the community may want to consider a few things:
    - $\circ$  Not filing all unsuccessful cases, if the youth completed most of the diversion plan
    - o Allowing warning letters for the lowest risk youth
    - Comparing diversion fees to court costs so they are comparable. With a higher proportion of children <18 in poverty, perhaps offering scholarships.
    - Having a process for sealing records for youth on diversion with law enforcement and JCMS, as required by statute.
    - It is not clear why all first time offenders are not referred to diversion but perhaps this is due to the ineligible offenses.

#### Table 22.

Percent of Youth in Juvenile Court Who Had Access to Counsel (2018) <sup>n</sup>

	Phelps	Nebraska
Access to Counsel	<mark>20.0% 39.9%</mark>	73.5%

<u>Neb. Rev. 43-272</u>. Right to counsel; appointment; payment; guardian ad litem; appointment; when; duties; standards for guardians ad litem; standards for attorneys who practice in juvenile court.

(1)(a) In counties having a population of less than one hundred fifty thousand inhabitants, when any juvenile shall be brought without counsel before a juvenile court, the court shall advise such juvenile and his or her parent or guardian of their right to retain counsel and shall inquire of such juvenile and his or her parent or guardian as to whether they desire to retain counsel.

(b) In counties having a population of one hundred fifty thousand or more inhabitants, when any juvenile court petition is filed alleging jurisdiction of a juvenile pursuant to subdivision (1), (2), (3)(b), or (4) of section <u>43-247</u>, counsel shall be appointed for such juvenile.

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# **Community Team Level**

- A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.
  - This is an increase from 2019's response rate.
- Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas
- The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.
  - Good diversity on system points
- Almost half of the responders indicated they did not feel heard on the team.

# UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

COUNTY NEEDS ASSESSMENT FY 2020-2021

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

# Youth Level

While we could not get race/ethnicity data for chronic absenteeism in this community because the frequency was too low to report, Hispanic, Native American, and Black youth are over-represented statewide in chronic absenteeism.

More youth have IDEA plans than the state comparison across all years. While lower than the state average, almost half the students in Webster County qualify for free/reduced lunch.

Webster County is ranked #4 in the state with graduation rates. This community has not participated in the NRPFSS and should consider participating in the next survey year (2020) to get youth-level data on mental health, gangs, supportive adults and community perceptions of substance use.

JJI did not have risk assessment scores for diversion from the 2015-2017 assessment evaluation to include. If the county is not using a validated assessment tool, then it should begin doing so (there will be a statewide tool coming in July 2021). If the county does have assessment data in digital format for JJI to analyze, we would be happy to update this table. The number of arrests for all ages has decreased from 2018-2019, almost

COUNTY NEEDS ASSESSMENT FY 2020-2021

Webster County has a higher rate of youth in extreme poverty compared to the state

Number of people with bachelor's degrees is lower compared to the state; this could be a result of residents going to college in a different community and not returning to Webster County.

Webster County youth have less access to internet at home compared to the

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## **Community Level**

Webster County has a low level of violent crime.

Juvenile record sealing is not "automatic" even if statute requires it to seal. Sealing a record requires administrative staff to initiate the process. Dismissed or dropped cases should be sealed at a rate of 100%. All others should be sealed at the rate to which youth successfully complete their court requirements (completion of diversion, probation, restorative practice, or other treatment). Yearly data is available in the Appendix to see if the rate has improved because of legislation, but newer cases should naturally have lower rates of sealing than older cases.

Data for race and ethnicity at each invenile instice evetem point is

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## Policy, Legal and System Level

This county is not a county required to provide counsel under statute; notably, access to counsel is low in this community.

There are few curfew and 3A, 3B, and 3C filings in court so the community is diverting appropriately.

With respect to diversion practices, the community may want to consider a few things:

Not filing all unsuccessful cases, if the youth completed most of the diversion plan

Allowing warning letters for the lowest risk youth Comparing diversion fees to court costs so they are

UNIVERSITY OF NEBRASKA AT OMAHA

**COUNTY NEEDS ASSESSMENT FY 2020-2021** 

## **Community Team Level**

A community lead should be able to get roughly a 75% response, to ensure active participation on planning issues, your response rate was 57.1%.

This is an increase from 2019's response rate.

Mean score on Collective Impact is lower than in 2019 and lower than the state average in all areas

The community team should be representative of the population of that community but should also include diversity. It maybe that the low response rate affected the results of the community team diversity, but if not, it is beneficial to add diverse members to your team.

## UNIVERSITY OF NEBRASKA AT OMAHA JUVENILE JUSTICE INSTITUTE COUNTY NEEDS ASSESSMENT FY 2020-2021

The five elements of Collective Impact are:

- **Common agenda:** Participants have a shared vision and common understanding of both the problem and potential solutions to that problem.
- **Mutually reinforcing activities:** Participant activities must be differentiated while still being coordinated through a mutually reinforcing plan of action.
- **Shared measurement:** Collecting data and measuring results consistently across all participants ensures efforts remain aligned and participants hold each other accountable.
- **Continuous communication:** Consistent and open communication is needed across stakeholders to build trust, assure mutual objectives, and create common motivation.
- **Backbone support**: Creating and managing Collective Impact often requires a separate organization(s) with staff and a specific set of skills to serve as the backbone for the entire initiative and to coordinate participating organizations <sup>q</sup>

Adams County Clerk, Ramona Thomas, presented the board with a ACOB assembly room rental request submitted by Shelly Goodon. Thomas confirmed all the necessary paperwork and fees have been submitted by Goodon.

Motion by Neumann, seconded by Curtis to approve the ACOB assembly room rental request submitted by Shelly Goodon. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

REGISTRATION FOR USE OF THE ADAMS COUNTY OFFICE BUILDING ASSEMBLY ROOM/MEETING ROOM
Name of person, group, or organization Shelly Goodon
Address 1413 U74 Are, Hesting Do 108901
Phone number
The above-named person, group, or organization intends to use the (circle appropriate)
ASSEMBLY ROOM MEETING ROOM BOTH THE ASSEMBLY ROOM AND MEETING ROOM
on the following date (or dates) May 9th 2021 - Anduation
A service charge of \$25 per day must be paid at the time of registration. In addition, a \$50 cleaning and damage deposit must be paid by a separate check.
By registering to use the stated rooms, the above-named person, group, or organization acknowledges the following:
<ol> <li>The Adams County Office Building is a SMOKE FREE facility at all times. In addition, no alcoholic beverages are allowed in the building or in any of the parking areas.</li> </ol>
<ol> <li>By order of the City Fire Marshall, capacity for the Assembly Room is sixty-two (62) persons. Capacity for the Meeting Room is twenty-seven (27) persons. Such capacities may not be exceeded at any time.</li> </ol>
<ol><li>All parking on the adjoining parking lots is restricted to Adams County Office Building employees from 7:00 AM to 6:00 PM on workdays.</li></ol>
4. Use of the Assembly Room and Meeting Room must be concluded by 10:00 PM each evening. The rooms must be entirely vacated at that time, and any property or materials belonging to the person, group, or organization must be removed from the building at that time each day.
<ol><li>Persons, groups, or organizations not related to the county shall not go beyond the closed door by the elevator.</li></ol>
6. Persons, groups, or organizations shall return the Assembly Room and the Meeting Room, and adjacent restrooms, as you found them. If any extra cleaning is required by county staff, the cost of such cleaning shall be charged to the person, group, or organization. In addition, any damage to any portion of the Adams County Office Building caused by members of a group or organization using the facilities shall be charged to the group or organization.
The persons, groups, or organizations which use the above-stated rooms shall assume all liability for any occurrences which happen during the use of the above-stated rooms. The persons, groups, or organizations hereby acknowledge that Adams County shall not be held liable for any such occurrences, and agree to defend Adams County from any such liability.
SIGNED Shelly Horden
REPRESENTATIVE OF Colams Courty atting Office
DATED 2-3-2-1

Clerk Thomas presented a memorandum of understand for the Juvenile Services Grant on behalf of Sonia Krouse whom was unable to attend. Krouse submitted a cover letter requesting the board approve the MOU.

The board indicated they have read the request submitted by Krouse.

Motion by Larsen, seconded by Orthmann to approve the juvenile services grant MOU as submitted by Sonia Krouse. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Adams County Board of Supervisors	Adams	County	Board	of Supe	rvisors,
-----------------------------------	-------	--------	-------	---------	----------

Complete and data-informed Comptehensive Juvenile Services Community Plans are a mandatory component for communities, including our nine county South Central Nebraska region, applying for Community-based Juvenile Services Aid funding. To be eligible for a 2021 allocation, community plans must be submitted to the Nebraska Crime Commission for the timeframe July 1, 2021 - June 30, 2025.

The 2021 Community Planning team, chaired by Dr. Susan Lindblad and coordinated by Sonia Klouse (Project Director of the aforementioned grant) analyzed the Community Needs Assessment data provided to them by the Juvenile Justice Institute of the University of Nebraska at Omaha and the Nebraska Crime Commission, identified community needs & gaps in services, and determined objectives. All of these elements were then compiled and formatted in JJI's required template. The Community Planning Team consists of representatives from agencies & organizations throughout the nine counties. This team was recruited via email invitations by former Project Director, Carissa Ultrmacher & current Planning Coordinator/Project Director, Sonia Klouse in the late Summer/early Fall of 2020. The planning team was made up of agency representatives and other stakeholders, some of whom were already participants in the nine county Youth Task Force, that expressed interest in participating in the '21 planning process.

Throughout the planning & writing process, guidance was provided by Bvidence Based Nebraska's Community Planning Manual and representatives from the Juvenile Justice Institute. As stated in the manual, "By developing a plan, communities have a voice in determining their futures. Youth often receive the highest quality services when problem solving is done at the local level. Community members know their communities." The purpose of this Comprehensive Juvenile Services Community Plan is to offer an overview of the services provided to juveniles at every system point for pre-adjudicated youth, while taking into consideration five levels of data for Adams, Clay, Fillmore, Franklin, Harlan, Kearney, Nuckolls, Phelps, & Webster Counties.

According to the Crime Commission, additional benefits of undertaking a strategic community plan include:

- Enhanced collaboration among community members and agencies (both internally and
- externally).
- More focused resource allocation.
- · Greater access to ouiside resources, such as funding opportunities.
- Improved outcomes for the target population.
- · The ability to control the pace of strategy development and implementation, allowing for
- enhancements based upon specific needs.
- Better community and stakeholder knowledge of community planning, the juvenile
   indian system and related lawsen

justice system and related issues.

The Planning Team voted to approve & adopt the plan in a meeting held February 4, 2021. The document must be reviewed and approved by a governing board of the lead county prior to submission to the Nebraska Crime Commission on March 5, 2021.

On behalf of the Comprehensive Juvenile Justice Community Planning team, thank you for your time & consideration.

Best regards, Sonia Klouse min Klowse

A full copy of the MOU is on file at the Adams County Clerk's office.

Motion by Neumann, seconded by Stromer to meet as a Board of Equalization to review and take action on motor vehicle exemption applications, permissive exemption applications and tax list corrections. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Entered Board of Equalization at 10:05 am (see separate BOE minutes for 2/16/2021)

Motion by Neumann, seconded by Stromer to exit Board of Equalization and resume regular session. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Regular session resumed at 10:09 am

Commissioner Curtis presented the board with bids received for surveyor services relating to the future Adams County Justice Center.

Surveyor Bids

Surveyor	Fee	Time Required	Acknowledged Addendum 1	Notes
Ehrhart Griffin & Associates	\$5,400.00	"4 – 6 weeks from NTP"	No	Reimb. Expenses extra
Grummert Professional Services	\$1,495.00	"15 Business Days from NTP"	Yes	Concerned about this \$\$**

JEO Consulting Group	\$4,800.00	"30 Days from NTP"	Yes	Need Title Commitment
Olsson , Inc.	\$5,600.00	"3 weeks from NTP"	Yes	Reimb. Expenses Included
Kreuger Land Surveying				Withdrawn prior to req'd. date

Motion by Curtis, seconded by Neumann to award the surveying project to Grummert Professional Services in the amount of \$1,495.00. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Motion by Larsen, seconded by Neumann to open the Public Hearing to hear comments for or against the proposed Adams County One and Six Year Road Plan. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Public hearing opened at 10:15 am.

The following members of the public were in attendance at the public hearing:

Phil Bonifas Betty Trausch Robert Trausch Kathy Parr Ken Bonifas Matt Greequist

The following spoke in regards to the one and six year plan:

Kathy Parr of 12645 W Assumption Road in Roseland, requested Assumption road in front of the Assumption Church, be placed on the six year road plan. Parr stated that the road is heavily traveled by people accessing the church and there are fourteen families that live on that road.

Ken Bonifas of Roseland, spoke in regards to the Assumption Church possibly cost sharing some of the project from the church property to the curb.

Betty Trausch of 11345 W Assumption Road in Juniata, stated that the portion of Assumption Road in front of the Assumption Church was paved in 1958. Trausch stated the road is used extensively by families in the area and the church is used for CCD classes, church services, the cemetery is located there and that area is used as a bike trail. Trausch requested this portion of road be placed on the county's one and six year road plan.

Matt Greenquist of 3880 W Oregon Trail Road spoke in regards to Adams County Road/Bridge Poject #158; the replacement of a bridge located on Oregon Trail Road .5 mile east of NW corner of Section 15-6-10 in Ayr Township. The bridge is currently closed offering limited access to his property. Current access includes a dangerous intersection at Oregon Trail Rd and Persimmon Avenue. Greenquist requested the project be moved from the six year plan to the one year plan.

Motion by Neumann, seconded by Stromer to close the one and six year road plan public hearing. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

#### Public hearing closed at 10:47 am

Motion by Neumann, seconded by Johnson to place the Assumption Road project on the six year road plan. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Motion by Neumann, seconded by Johnson to approve the Adams County One and Six Year Road plan with the addition of the Assumption Road project. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Late March 19

Adams County Deputy Attorney, David Bergin, advised the board to table the agenda item relating to and isolated land hearing involving Maxine Strasburg and Gregory Lay. Bergin stated that the case is currently in the court of appeals and until it is heard by the court, there is no action the board should take.

Motion by Neumann, seconded by Stromer to table the action relating to the isolated land hearing. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Discussion started regarding the agenda item to grant a transmission easement request submitted by Apex Clean Energy. A representative from Apex was not available in person to answer questions by did provide a phone number in the event the board wanted a conference call.

Adams County Planning and Zoning Director stated she was unclear what Apex Clean Energy was requesting as she has limited information and assumes Apex should be working with NPPD.

The board and Mignery agreed they would like a representative to appear in person before the board to clarify the terms of the easement agreement.

Motion by Neumann, seconded by Curtis to table action on the transmission easement request submitted by Apex Clean Energy. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Chairman Hogan requested a motion to accept the resignation letter submitted by Commissioner Eldon Orthmann who will be resigning his District 7 Commissioner seat as of March 1, 2021, and direct the county clerk to solicit applications for the vacancy.

Motion by Larsen, seconded by Neumann to accept the resignation of Commissioner Orthmann effective March 1, 2021. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

	February 10, 2021
	From: Eldon Orthmann County Commissioner 419 Briggs, Hastings Ne 68901
	To: Lee Hogan County Commissioner Chairman Adams Co Courthouse Hastings, Ne 68901
	DearLee:
	I hereby resign my position as Adams Co Commissioner.
	It will be effective March 1, 2021
	Sincerely,
G	Don Chil
	Eldon Orthmann

Motion by Stromer, seconded by Orthmann to approve the claims and direct the county clerk to pay them out of their respective accounts. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

Motion by Stromer, seconded by Curtis to approve and officer report submitted by the Adams County Register of Deeds. **Roll Call, Ayes:** Stromer, Larsen, Hogan, Johnson, Curtis, Neumann, Orthmann. **Nays:** None **Absent:** None

The Youth Task Force is serving as the lead organization in the assessment, distribution, and evaluation of the Nebraska Community Based Juvenile Justice Aid funding from the Nebraska Crime Commission. It is the desire of the following counties: Webster, Clay, Adams, Nuckolls, Fillmore, Phelps, Kearney, Franklin, and Harlan to continue this arrangement for the funding requested for 2021-2023.

On October 31, 2001, the original four counties (Adams, Clay, Nuckolls, and Webster) agreed that Clay County should be the lead county in this funding effort to work with juveniles from ages 12-18 who are already in the juvenile justice system. Assessments were made in 42 focus groups to develop the We CAN Juvenile Services Plan during 2001-2002. Adams County became the lead county in 2018-2019. The Comprehensive County Juvenile Services Plan has been approved with input from the Juvenile Justice Institute, as well as representatives from each of the nine counties for the 2018-2021 plan. The 2021-2025 Comprehensive Juvenile Services Community Plan will be written by County Lead, Sonia Klouse in collaboration with a Community Planning Team consisting representatives from agencies & organizations throughout the nine counties. The 2021-2025 Plan will be completed and submitted in March 2021.

Melanie Curry, Adams County Treasurer, serves as the fiscal agent. Sonia Klouse, Project Director, coordinates the application, reports, and makes contact with County Boards in each of the nine counties, and Laura Stutte will serve as Project Administrator. The project administrator also facilitates all program requests for funding from local non-profits, businesses, and individuals working with juveniles in the nine county region.

All quarterly reports are submitted to the Nebraska Crime Commission through NJJI. An audit of all reports is conducted annually. Award period is July 1, 2021-June 30, 2023.

<u>This memorandum of understanding is to be signed by the County Board Chair in</u> <u>each of the counties in order for said county to be a part of this regional community based</u> <u>juvenile services grant, for both the CB and EB funding as requested by the Youth Task</u> <u>Force.</u>

Sonia Klouse, Project Director, coordinates the application, reports, and makes contact with County Boards in each of the nine counties, and Laura Stutte will serve as Project Administrator. The project administrator also facilitates all program requests for funding from local non-profits, businesses, and individuals working with juveniles in the nine county region.

All quarterly reports are submitted to the Nebraska Crime Commission through NJJI. An audit of all reports is conducted annually. Award period is July 1, 2021-June 30, 2023.

<u>This memorandum of understanding is to be signed by the County Board Chair in</u> <u>each of the counties in order for said county to be a part of this regional community based</u> <u>juvenile services grant, for both the CB and EB funding as requested by the Youth Task</u> <u>Force.</u>
