

**NE COMMISSION ON LAW
ENFORCEMENT AND
CRIMINAL JUSTICE**

2007 ANNUAL REPORT

NEBRASKA COMMISSION ON LAW ENFORCEMENT AND CRIMINAL JUSTICE

FROM THE DIRECTOR:

MISSION

The Nebraska Commission on Law Enforcement and Criminal Justice fulfills a leadership role in the statewide coordination of the criminal Justice System.

As the state's justice advocate, the Commission:

- develops comprehensive plans
- facilitates the improvement of criminal and juvenile justice administration
- provides a forum for discussion and problem solving among state, federal, local, and private agencies

VISION

The Crime Commission will strive to be a leader in criminal and juvenile justice progress through the dedication of forward-thinking staff, services provided with integrity, and leadership in the spirit of cooperation.

As Executive Director, I am pleased to present the 2007 Annual Report of the Nebraska Commission on Law Enforcement and Criminal Justice.

We remain committed to our Vision Statement which "strives to be a leader in criminal and juvenile justice progress through the dedication of forward-thinking staff, services provided with integrity, and leadership in the spirit of cooperation."

The Nebraska Crime Commission is proud of our accomplishments during fiscally challenging times and looks to the future with optimism. I commend

the staff of the Crime Commission and our commission and coalition members for their dedication and service to the State of Nebraska.

It is my pleasure to work with a very competent and professional staff that is dedicated to fulfilling our statutory mission and our own mission statement which states how the Crime Commission 'fulfills a leadership role in the statewide coordination of the criminal justice system.' We could not be successful without working in partnerships with allied state agencies, law enforcement, victim advocates and juvenile coalitions from across our state. For all of these groups and individuals, I am extremely grateful. I also want to extend my gratitude to members of both the Executive and Legislative branches for their continued support.

I hope you find the 2007 Annual report a valuable resource which promotes confidence in our ability to serve our great State of Nebraska.

Respectfully,

Michael E. Behm
Executive Director

INSIDE THIS ISSUE:

MISSION/VISION	2	INFORMATION TECHNOLOGY	8
GRANTS DIVISION	3-4	COMMUNITY CORRECTIONS COUNCIL	8
JAIL STANDARDS	5	APPROPRIATIONS	9-10
NE LAW ENFORCEMENT TRAINING CENTER (NLETC)	6-7	ORGANIZATIONAL CHART	11

THE GRANTS DIVISION

The grants division applies and manages 11 different federal and state grant programs. In 2007, the grants division reviewed and awarded 171 new grant applications for the total amount of \$8,916,871.

We always make it a priority to look at our processes and ensure we are being successful for all our sub-grantees

*- Jennifer Kirkpatrick
Chief, Grants Division*

EDWARD BYRNE/JUSTICE ASSISTANCE GRANT

This federal grant program promotes partnership among federal, state and local criminal justice entities in addressing the state's drug and violent crime issues. In 2007, nine local Drug and Violent Crime Task Forces, one statewide Drug and Violent Crime Task Force, the Drug and Violent Crime Prosecution Unit with the Attorney General's Office, a Program Manager with the Nebraska Criminal Justice Information System, and technical assistance for the Depart-

ment of Corrections for an investigative software was supported with these funds. In 2007, it was reported 4,380 arrests were made by the task forces, of which 905 were 1st time offenders and 894 were repeat offenders. The task forces reported seizing 10,065 lbs of marijuana, 464 lbs of methamphetamine and 490 lbs of cocaine. In addition, the task forces seized 148 weapons.

RESIDENTIAL SUBSTANCE ABUSE TREATMENT

This pass through grant is a federal program that provides support for the residential substance abuse treatment programs housed within the correctional facilities. The Nebraska Department of Corrections with these funds has established a comprehensive treatment program for offenders prior to their eligibility for parole. One added component to their comprehensive program is an aftercare treatment component after the offender is released.

PROJECT SAFE NEIGHBORHOOD (PSN)

This pass through grant is a federal program that helps reduce gun crime and gang violence. The PSN Task Force determines how the funds will be used. Nebraska's efforts include: 1) a "Hard Time for Gun Crime" media campaign that informs people that using a firearm in the commission of crime will add 10 years to their sentence; 2) specialized intervention efforts by criminal justice officials for those identified as prone to the use of a firearm during the commission of a crime; 3) various community activities which result in improved communication between neighbors and with local law enforcement officers; 4) specialized investigative efforts of crimes involving firearms; and, 5) expanded prosecution of crimes involving firearms. In 2007 there were 159 Federal Gun indictments and 45 Nightlight Operations, Probation Home visits and Directed Patrols conducted. In the Omaha area 15 firearms were seized during these operations.

VICTIMS OF CRIME ASSISTANCE

This federal program is designed to provide direct services to victims of crime. The funds come from criminal fines and penalties. A limited amount of state funds are also used to support this program. In 2007, 39 programs were funded, including 15 Victim Assistance Units, 22 Domestic Violence and/or Sexual Assault Programs, and 4 Statewide Programs (i.e. CASA, VINE, etc...). These programs assisted 56,711 victims and provided 333,356 services to these victims.

VICTIMS OF CRIME COMPENSATION

This federal program includes a limited amount of state funds providing financial assistance for innocent victims of crime who received bodily injury. In 2007, there were 71 claims filed and 25 were eligible to be paid. Limited funds continue to be available for this program.

VIOLENCE AGAINST WOMEN ACT (VAWA)

This federal program provides funding that promotes the development and strengthening of effective law enforcement, prosecution strategies and victim services to address violent crimes against women. This funding source provided funds to 11 Community Response Teams. These teams must prepare a strategy that supports the Nebraska STOP Implementation Plan to carry out building partnerships between the criminal justice system and victim advocacy organizations, and look to new/evolving resources to respond to domestic violence, sexual assault and stalking victims. In addition, Nebraska has 3 statewide positions that are located with the Nebraska Attorney General's Office, Probation and Nebraska State Patrol.

JUVENILE ACCOUNTABILITY BLOCK GRANT

This federal program has 17 purpose areas and a portion of the funds are passed through to counties based on juvenile population and crime data. In 2007, the funds were utilized for juvenile accountability programs, information sharing and 5 School Intervention Worker programs in schools across the state.

JUVENILE JUSTICE AND DELINQUENCY PREVENTION TITLE II

This federal program has a broad scope with 34 purpose areas. In 2007, sixteen juvenile programs were funded, which included 2 juvenile assessment centers, 7 juvenile Pre-trial Diversion Programs, a Juvenile Compliance Monitor, a Disproportionate Minority Contact Coordinator, and various other accountability programs.

JUVENILE JUSTICE AND DELINQUENCY PREVENTION TITLE V

This federal program is focused on Disproportionate Minority Contact issues throughout the state. In 2007, a program was funded for youth that provided programming for Native American youth and families in four counties.

COUNTY JUVENILE SERVICES AID

State program funds are applied for by counties and programs that address priorities contained in the County's Comprehensive Juvenile Three Year Plan. Funds are distributed on a formula basis. In 2007, 62 counties applied for the funds. These funds support 17 Juvenile Diversion programs, 8 electronic monitoring programs, 8 after school programs, 5 mentoring programs and various other juvenile programs across the state.

STATE JUVENILE SERVICES

This state program funded 21 programs in 2007, which included 3 mentoring programs, 8 after school programs and various other accountability programs across the state.

JAIL STANDARDS DIVISION

The primary responsibility of the Jail Standards Division is the implementation and administration of the Jail Standards program.

TECHNICAL ASSISTANCE

The Division has the responsibility for review of plans and specifications in jail facility construction and renovation. The Board must give final approval for all projects before they can be built. Staff establishes ongoing working relationships with architects, consultants, and local officials through the duration of such projects, providing input into needs assessment, preliminary planning, pre-architectural programming and design development. Ten local jurisdictions currently have facilities under construction or renovation, or are in the planning or approval stages for new facilities.

TRAINING

▫ In 2007, Jail Standards staff participated in providing Initial Jail Training for 140 new detention center staff in Nebraska. This included training at the Law Enforcement Training Center, Hall County, Scotts Bluff County, Lancaster County, Platte County and the first ever Community College offering in Norfolk at Northeast Nebraska Community College.

▫ In 2007, staff completed the most recent update of the curriculum materials for Initial Jail Training. Staff is currently in the final stages of completing an update of the Juvenile Detention Caregivers Initial Training for staff who serve juveniles.

▫ In 2007, staff provided a Training-for-Trainers course for 20 new jail training officers.

DATA COLLECTION

The “Jail Admission Management Information Network (JAMIN)” and the “Nebraska Criminal Justice Information System (NCJIS)” provide an ongoing database that is criti-

cal to both master planning and planning at the local facility level. This data is essential in determining appropriate size and design characteristics of new jail facilities.

THE JAIL STANDARDS BOARD

The Jail Standards program as established in 1975 under Chapter 81, Sections 4,124 - 4,134 of the Revised Statutes of Nebraska, provides for an eleven-member Jail Standards Board appointed by the Governor. This Board is responsible for the promulgation and enforcement of minimum standards for adult and juvenile detention facilities and for the maintenance, operation, and construction of all local criminal detention facilities. Staff support to the Board is provided by the Jail Standards Division of the Nebraska Crime Commission. The Board meets quarterly to consider inspection reports, address local facility requests, and consider approval of facility construction or renovation plans.

▫ In conjunction with the Nebraska Correctional Administrators and Managers Association, and the Department of Corrections Medical Services Division, Jail Standards staff presented the 10th Annual Spring Conference for detentions and corrections professionals. The 2007 Conference, held in Grand Island, included 230 participants, 36 vendors, and two full days of excellent and relevant presentations designed to continue the professionalization of corrections and detention in Nebraska.

▫ In conjunction with the Department of Corrections, staff began providing Med-Aid training for detention center staff. This 8 hour certification training was provided across the state in 8 different locations.

ANNUAL INSPECTIONS

Staff completed an annual inspection of all 76 adult jails and 4 juvenile detention centers in the State. Written reports of these inspections were prepared and submitted to the Jail Standards Board for Review and official action on a quarterly basis. At the end of 2007, only 5 detention centers in Nebraska were officially out of compliance with the Standards. Adult facilities are inspected for compliance with standards regulating personnel, records and statistics, admission and release of inmates, classification, security and control, library materials, rehabilitative services, mail, visiting and telephone service, health services, food services, inmate’s rights, inmate behavior, discipline and grievance processes, and existing and new facility design and construction.

RESOURCE DEVELOPMENT

Staff continually develop resource documents, prepare reports, respond to information requests, and sponsor workshops related to relevant topics such as Prison Rape Elimination Act (PREA), sharing of inmate medical information, and policy and procedure development. Some resources that were provided during 2007 include: Model Policy and Procedures; Model Jail Records; Policy and Procedure Resource Manual and Inmate Handbook; The Jail Planning and Construction Manual; Jail Bulletin Training Modules.

NEBRASKA LAW ENFORCEMENT TRAINING CENTER (NLETC)

The Nebraska Law Enforcement Training Center was created by Nebraska State Statute 81-1402 to (1) test all law enforcement candidates on behalf of the Police Standards Advisory Council to ensure that they meet pre-certification and certification requirements, (2) oversee and monitor other training schools and training academies to ensure that they meet pre-certification and certification requirements, and (3) conduct certification programs and advanced law enforcement training as directed by the Council.

The Training Center is under the supervision and control of the Nebraska Commission on Law Enforcement and Criminal Justice (81-1403). The Training Center Director (81-1404) is directly responsible to the Commission for compliance with the duties prescribed in the statutes and reports on all activities pertaining to the Training Center. The Police Standards Advisory Council (81-1406) provides recommendations to the Commission and the Training Center Director on all matters pertaining to Center operations. The Council implements and enforces certification standards to ensure the public that a sound and sensible process for the revo-

lution of certifications of law enforcement officers is in place.

The Training Center is home for two law enforcement academies. The Nebraska Law Enforcement Training Center (NLETC) Academy services every Nebraska agency requiring law enforcement certification training except the Omaha and Lincoln police departments who operate their own academies under the guidance of the Council in their respective jurisdictions. The Nebraska State Patrol Training Academy (NSPTA) is co-located with the Training Center Academy. The NSPTA trains both entry-level law enforcement officers as well as in-service and training for all NSP sworn and civilian employees.

The Training Center is located on a 40 acre campus adjacent to the Grand Island Airport. The two academies share administrative office and classroom space, 104 double-occupancy dorm rooms, a driving track, outdoor firearms range, police service dog facility, carrier enforcement training building, on-site dining facilities, and a host of other police training facilities. The budget of the Nebraska Law Enforcement Training Center supports both the Training Center and the Nebraska State Patrol Academies. The Director is William Muldoon.

PANDEMIC FLU COMMITTEE

The Committee was formed and has completed current homework assignments. Work has begun at educating staff and students about the issue and how to protect self and family. A training session sponsored by the Hall County Department of Health with our students and staff was held and is now a part of the Basic program. Instructors will stress and enforce correct cough etiquette to all basic students. Additional sanitation supplies were ordered, including hand sanitizer foam dispensers to be strategically located throughout the facility. All measures being taken at this point should also favorably impact our regular flu and cold season.

Mission

The Nebraska Law Enforcement Training Center is dedicated to educate, train, and evaluate law enforcement officers; as well as regulate statewide training academies and mandated programs, to ensure all meet state certification requirements as established by the Nebraska Commission on Law Enforcement and Criminal Justice through the Police Standards Advisory Council

Vision

To be the premier law enforcement training facility with highly qualified instructors and staff capable of meeting the needs and expectations of the Citizens of Nebraska for developing highly trained and competent law enforcement officers

WIRELESS PROJECT

The Wireless Project is completed and running. The entire campus is covered by the wireless network. When guests and students access our site on their computer, they receive a message that the access is not secured and to use it at their own risk.

NLETC FY 07/08 BUDGET

General Funds, Operations 1,903,468

Cash Funds, Operations 372,430

Federal Funds, Operations 54,612

The NLETC, located in Grand Island, is administered by the Crime Commission. The Police Standards Advisory Council is consulted on all matters pertaining to the Training Center and acts as a subcommittee of the Crime Commission governing body. A renovation and expansion of the Training Center facility was completed in 2005 at a cost of \$11,385,000. This project added classrooms, a gymnasium, weight room, dorm rooms, office space, a firearms simulator, a vehicle inspection building and a dog kennel. In addition, the dining room and kitchen were expanded, and improvements made to the firearms range, driving track, and student lounge. The State Patrol Training Academy is now co-located at the expanded Training Center facility.

NLETC TRAINING FOR FISCAL YEAR 06/07

SPECIALIZED COURSES (49 COURSES OFFERED, 722 STUDENTS)

Specialized offerings included: Advanced Motorcycle, Basic Dispatcher, Civil Process, Drug interdiction, Defensive Tactics Instructor & recertification, Emergency Medical Dispatcher, Emergency Vehicle Operations Instructor, Ethics Instructor, Firearms Instructor & recertification, Field Training Officer, Grade Crossing Collision, Gage Instructor recertification, Homicide Investigation, Instructor Development, LE Officers Flying Armed, NCIC Telecommunicator, Narcotics Commanders Workshop, New Sheriff's Seminar, Police Service Dog, Project Extra Mile, Police Rifle Instructor Course, Sheriff's Continuing Education, SHARP Instructor & recertification, Taser Instructor.

DRUG GRANT COURSES (20 COURSES OFFERED, 649 STUDENTS)

Under the Crime Commission drug grant, regional training was conducted across the State that included firearms simulator training using our MILO Simulator and offering interdiction courses. Regional host sites included cities of Alliance, Aurora, Beatrice, Bellevue, Chadron, Furnas County, Greeley County, Holdrege, La Vista, Norfolk, North Platte, Omaha, and Scottsbluff.

HIGHWAY SAFETY GRANT COURSES (22 COURSES OFFERED, 683 STUDENTS)

Under the Nebraska Office of Highway Safety Grant, regional and NLETC hosted training included Advanced Accident Investigation, Intermediate Accident Investigation, Technical Accident Investigation, Grade Crossing Collision, In-Car-Video, DataMaster Breath Testing, Preliminary Breath Testing, Radar Instructor & recertification, and Standardized Field Sobriety Testing.

INPUT MEETINGS

Regional meetings at seventeen sites across the State were held in January/February 2007. About 140 attendees were updated regarding our Title 79 Chapter 9 updates, some recurring problems with admissions and backgrounds, talk about security enhancements to the NLETC, a NSP PowerPoint presentation that is available concerning the new concealed carry law, and to get input into our current training curriculum, including soliciting ideas regarding agency thoughts on the Law Enforcement Improvement Fund (LEIF).

Regarding LEIF, there was wide support that assistance in paying tuition will still be required as many small or very rural agencies do not feel they will be able to attract tuition students to their respective communities. Their hope is to develop an interested person with local ties to their community and provide training as is done now with LEIF assistance. For most agencies, current LEIF support would be replaced with local tax dollars, usually generated from property taxes.

Mandatory Courses (15 courses, 83,234 training hours, 301 graduates)

Basic Officer Certification (607 hours, 14 weeks)

Three basic sessions were held, graduating 116

Basic Jail Certification (80 hours, 2 weeks)

Three basic jail sessions were held, graduating 75

Management Certification (24 hours, 3 days)

Two Management sessions were held, graduating 47

Reciprocity/Reserve Certification (106 hours, most via on-line course)

Two sessions held, graduating 11

Supervision Certification (24 hours, 3 days)

CONFIDENTIALITY

We have looked at reports generated by our new database program with an eye at limiting printable confidential information — even if a staff member is authorized to see confidential information in the database. Changes have been made to omit social security numbers (SSN) and substitute a NLETC record number that is unique to each certified officer of the State, but could not be used to steal the officer's identity. Annual firearms census and like reports will no longer contain SSN information.

Staff will still be able to search for records using SSN or last four digits of SSN, but will no longer demand that students provide, fax or e-mail their SSN in order to conduct routine business or register for classes. SSNs are still required of new officers wanting Nebraska Certification for the purpose of criminal and military background checks.

INFORMATION SERVICES DIVISION

Information Technology staff are diligently working every day to increase the collection and sharing of data among criminal justice. Accomplishments include:

- Worked cooperatively with Wyoming to bring training and access to their data through the Wyoming Criminal Justice Information System (WyCJIS). This cooperative approach has allowed users of both states to search regional data not otherwise available
- Created NDEN to provide limited views of non-restricted data to over 500 Department of Health and Human Services users from Child Protective Services and users from the Child Advocacy Services to help in the investigation of child abuse cases
- Provided victim notification and detainee information through Victim Information and Notification Everyday (VINE), a service available since May 2000. 3,195 people registered to be notified of the release of an arrestee or offender. In the last six months of 2006 there was an average of 246 registrations per month compared to 286 per month for the first six months of 2007, demonstrating the continued use and growth of the system.

NEBRASKA CRIMINAL JUSTICE INFORMATION SYSTEM(NCJIS)

NCJIS represents a secure portal providing access to a variety of data to certified users:

- In 2007, there were over 5,000 users and approximately 300 agencies served
- 426,060 users logging in to use the system
- 4,012,233 searches conducted across criminal histories, probation, corrections, jail, court and other criminal systems
- 289,126 vehicle searches conducted
- Responded to the request for access by non-criminal justice users by creating the Nebraska Data Exchange Network (NDEN)
- Added new types of data: warrants for absconders issued by the Department of Correctional Services, Child Abuse and Neglect (CAN) reports from the Department of Health and Human Services for law enforcement use

COMMUNITY CORRECTIONS COUNCIL

The Community Corrections Council is an agency created by the Legislature in 2003 to identify appropriate alternatives to incarceration and foster their utilization within a comprehensive community justice strategy. The Council is a unique collaborative effort between the Executive, Judicial and Legislative branches of government, criminal justice representatives, Department of Health and Human Services, and providers.

Since its inception, the Council's mandate has included the development and implementation of a plan for statewide use of, and standards for, community correctional facilities and programs. The Council is also charged with the creation of, and revision to, sentencing guidelines.

In collaboration with interested agencies and stakeholders, the following have been accomplished since summer 2005:

- Design and implementation of the Fee-for-Service Treatment Voucher Program

- Supreme Court adopts standardized model for substance abuse treatment
- Starting July 2006 seven Reporting Centers open statewide providing services to offenders
- Advanced officer training for the Specialized Substance Abuse Supervision program (SSAS)
- Allocation of funds for expansion of Specialized Problem-Solving Courts
- Pew Charitable Trusts selects Nebraska to receive technical assistance

The Council staff and members have also been working diligently in the development of a criminal justice data reporting and analysis system. This data system allows the Council to quantify the cost savings and recidivism reductions from community programs and enable the state to make consistent, competent, and

informed criminal justice policy and sentencing decisions. The Executive Director is Linda Krutz.

The Community Corrections Council is housed within the Crime Commission which provides budgetary and administrative support .

General Funds, Operations 5,793,272
Cash Funds, Operations 360,477

Breakdown of Funds

Substance Abuse Treatment	2,064,568
Specialized Courts	2,085,067

Uniform Data Analysis	360,477
Operations	311,394
Probation and Parole Services	25,000
Study	

CRIME COMMISSION APPROPRIATIONS FY 07/08

The Crime Commission's budget is divided into nine budget programs, with a total staffing in Lincoln of 25.3 positions and 19.0 in Grand Island. The following pages contain a brief description of each budget program, as well as a breakdown by type of funds, operations, and aid.

JUVENILE SERVICES

General Funds, Operations	106,286
General Funds, Aid	587,812
Total General Funds	694,098

These funds are distributed to local communities for programs which provide alternatives to juvenile incarceration. The Nebraska Coalition for Juvenile Justice (Committee) makes decisions on awarding these funds, the County Juvenile Services funds, and the federal Juvenile Delinquency Prevention Funds.

VICTIM-WITNESS ASSISTANCE

General Funds, Operations	3,835
General Funds, Aid	52,559
Total General Funds	56,394
Federal Funds, Operations	75,000
Federal Funds, Aid	2,443,000
Total Federal Funds	2,508,000

The Commission provides funding for local victim assistance and domestic violence centers. These centers provide follow-up support services to crime victims and witnesses as they proceed through the criminal justice system. Partial funding is provided for 37 centers across the state.

AGENCY SUMMARY

General Funds	10,928,737
Cash Funds	835,305
Federal Funds	8,144,612
Total Appropriation	19,908,654

CRIME VICTIMS' REPARATIONS

General Funds, Operations	8,418
General Funds, Aid	20,000
Total General Funds	28,418
Cash Funds, Aid	65,000
Federal Funds, Aid	30,000

Funding is provided from this budget program to compensate innocent victims of crime who receive bodily injuries and do not have funds available from other sources to pay medical expenses. Funeral costs and lost wages not covered by insurance are also reimbursed. All claims are examined by Commission staff and approved or denied by the Executive Director.

COUNTY JUVENILE SERVICES AID

General Funds, Aid	1,492,500
--------------------	-----------

These funds assist counties in providing services identified in their comprehensive juvenile services plan. Programs funded include diversion, delinquency prevention, intensive juvenile probation, shelter care, assessment/evaluation, and family support services.

JAIL STANDARDS

General Funds, Operations	276,168
---------------------------	---------

The Jail Standards Board is responsible for the enforcement of minimum standards for the operation and construction of local jails. Staff from this budget program conduct annual inspections of local jails and juvenile detention facilities and also provide technical assistance.

CRIMINAL JUSTICE INFORMATION SYSTEM (CJIS)

General Funds, Operations	140,392
Federal Funds, Operations	500,000

The CJIS Advisory Committee has developed a statewide strategic plan for improving the exchange of information among criminal justice agencies. Appropriated funds are used to implement those projects identified in the CJIS strategic plan.

CRIME COMMISSION APPROPRIATIONS FY 07/08

CENTRAL ADMINISTRATION BUDGET

General Funds, Operations	530,570
General Funds, Aid	13,457
Total General Funds	544,027

Cash Funds, Operations	37,398
------------------------	--------

Federal Funds, Operations	660,000
Federal Funds, Aid	4,392,000
Total Federal Funds	5,052,000

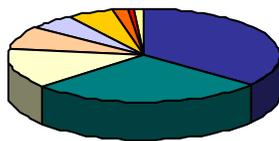

This budget program provides the central administrative services for the agency. It also includes most of the major federal grant programs administered by the Crime Commission.

FUNDED PROGRAMS

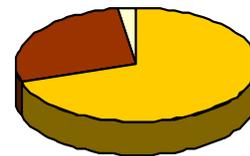

- Uniform Crime Reporting
- Juvenile Justice and Delinquency Prevention
- Juvenile Accountability Incentive Block Grant
- Statistical Analysis Center
- Byrne Justice Assistance Grant Funds
- Violence Against Women Act Funds
- Safe Neighborhoods
- Residential Substance Abuse Treatment
- Meth initiatives
- VINE (Victim Information and Notification Everyday)
- Hate Crimes Reporting
- Homicide Study
- Racial Profiling Reporting
- Statewide Crimestoppers Aid

Crime Commission Grant Programs Federal Funds 2007/2008
\$6,825,766

- Victim Assistance, \$2,433,000
- Byrne Justice Assistance Grants, \$1,883,415
- Violence Against Women, \$973,933
- Juvenile Justice Title 2, \$510,000
- Meth Initiatives, \$401,220
- Juvenile Accountability Incentive, \$352,545
- Safe Neighborhoods, \$135,145
- Residential Substance Abuse Treatment, \$61,258
